## The Annual Campus Security & Fire Safety Report – Introduction

Lakeland University publishes this report in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (as amended in October 1998). The Clery Act requires institutions to prepare, publish, and distribute annual security reports containing specific information about campus security policies and crime statistics. In addition, the Higher Education Opportunity Act, enacted on August 14, 2008, requires institutions that maintain on-campus student housing facilities to publish an Annual Fire Safety Report. This report contains information about campus fire safety practices and standards of the institution. The Lakeland University Department for Campus Safety is responsible for preparing and distributing this report in accordance with the Clery Act. The Department of Campus Safety works with many other departments and agencies to compile the information required for this report. Other campus offices, such as the Office of Residential Life, Athletics, Health Services, and Counseling Services, all provide critical information concerning campus security policies and campus crime statistics included in this report. Our local law enforcement department also provides information concerning crime statistics for disclosure in the report. We encourage all members of the Lakeland University community to use this report as a guide for safe practices on and off campus. It outlines campus policies and provides essential safety and crime prevention tips.

### Preparation of the Annual Disclosure of Crime Statistics

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, more commonly known as the Clery Act, 10 U.S.C. §1092(f) et. seq., and its implementing regulations require colleges and universities to do the following:

- Publish an annual report every year by October 1 that contains three years of campus crime and fire safety statistics and certain campus security policy statements;
- Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities and remote classrooms.
- Provide “timely warning” notices of those crimes that have occurred and pose an ongoing threat to students and employees.
- Issue an emergency notification upon confirming a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees on campus.
- Disclose in public crime log crimes that occur on campus or within the jurisdiction of campus security that is reported to campus security.
- Maintain a record of any fire(s) that occurred in an on-campus student housing facility in a public fire log.

**Note:** The statistics must be gathered from campus safety, jurisdictional law enforcement, and other university officials who have significant responsibility for student and campus activities.

Lakeland University Campus Safety Office prepares this report to comply with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act. The full text of this report can be located on our website at [LU Campus Safety](#). This report is prepared in cooperation with the jurisdictional law enforcement agencies surrounding our campuses, centers, alternative sites, Title IX Office, Campus Life, Human Resources, Health Services, Residential Life, and Student Conduct.

Each entity provides updated information on its educational efforts, policy implementation, and programs to comply with the Clery Act requirements.

Campus crime, arrest, and referral statistics include those reported to the LU Campus Safety & Security Office, designated campus officials including but not limited to directors, deans, department heads, athletic coaches, academic and organization advisors, the Title IX office, Student Conduct, and local law enforcement agencies. Counseling Services inform clients of the procedures to report crimes to the LU Campus Safety office on a voluntary or confidential basis, should they feel it is in the client's best interest. A procedure does exist to capture crime statistics disclosed confidentially if needed and remains anonymous.

The statistical information gathered in this report does not violate the Family Educational Rights and Privacy Act (FERPA) or any other law.

Each year, an e-mail notification is made to all enrolled students, faculty, and staff that provide the website to access this report. Copies of the report may also be obtained by contacting Campus Safety at 920 565-1000 x2502 or from a campus phone at ext. 2502 and in person at W3745 North Drive, Brotz Hall, Rm 19.

All prospective students and employees may view a copy by visiting the LU Campus Safety web page at [LU Campus Safety](#) or by contacting the LU Campus Safety department at 920 565-1126 or in person at W3745 North Drive, Brotz Hall, Rm 19.

### Daily Crime Log

LU Department for Campus Safety maintains a Daily Crime Log, which is available from 8 am to 5 pm Monday through Friday, excluding holidays, to the public for review. The LUCSD Office is located at W3745 North Drive, in the lower level of Brotz Hall north entrance Rm19.

**All policy statements contained in this report pertain to the Main Campus and the identified separate campuses and center locations unless otherwise stated.**

## Preparation of the Annual Security Report and Disclosure of Crime Statistics for offsite campuses and centers.

Not all Evening Weekend and Online Centers have security officers working on site. Students and employees are encouraged to report all crimes to the local police department in the jurisdiction of where the center is located. The local police department is responsible for conducting any criminal investigations reported from the Kellett center locations. If possible, please notify University personnel at the Center if you are the victim of a crime. This notification will allow Lakeland personnel the opportunity to review whether or not a crime alert should be posted and will assist Lakeland in maintaining accurate crime statistics for each site.

The same campus disciplinary system for the main campus applies to the Kellett Centers as well. Any non-criminal investigation will be completed by the appropriate personnel. This action may include revocation of certain privileges, suspension, or expulsion from the University.

There are no officially recognized student organizations or residential facilities affiliated with any of the Kellett centers. Crimes occurring at these locations are listed in the crime statistic section under the name of the campus or center in the Annual Security report (Green Bay Campus, Madison Campus, Japan Campus, Milwaukee Center, Fox Cities Center, Chippewa Valley Center, and Central Wisconsin Center.)

## Reporting Procedures

To help provide a secure and safe environment, all members of the Lakeland community, including campus visitors, are expected, requested, and encouraged to report any criminal activity or emergencies they witness. Reporting may be accomplished by contacting the Department for Campus Safety directly at 920-565-1126.

If there is an actual emergency requiring police, fire or medical response, please call 911 or from a campus phone 8-911.

The Department for Campus Safety is available 24 hours a day 7 days a week and will respond to your location if calls are related to the Main Campus. Response time may be affected by various factors, such as the number and location of available personnel and/or their involvement at the time a report is received. Response to an incident may also involve other personnel i.e. member from the Counseling Center in the case of a sexual assault, and/or an outside law enforcement agency or other agencies if an incident requires manpower or specialized abilities beyond the capabilities of LU Department for Campus Safety

In addition, should you not want to report a crime to the Department for Campus Safety or the Sheboygan County Sheriff's Department, you may report a crime to the following:

### Emergency Crime Reporting and Voluntary & Confidential Reporting

Lakeland University encourages accurate and prompt reporting of all crimes to the Lakeland University Department for Campus Safety Office and the appropriate law enforcement agencies, including when the victim elects to or is unable to make such a report. If crimes are never reported, little can be done to help other members of the Lakeland community from also being victims. We encourage all Lakeland University community members to report crimes promptly and to participate in and support crime prevention efforts. The Lakeland University community will be much safer when all community members participate in safety and security initiatives.

### Campus and Community Reporting

The University has a number of ways for campus community members and visitors to report crimes, serious incidents, and other emergencies to appropriate University officials. Regardless of how and where you decide to report these incidents, it is critical for the safety of the entire LU community that you immediately report all incidents. This, so that the LU Department for Campus Safety can investigate the situation and determine if follow-up actions are required, including issuing a Timely Warning or Emergency Notification and, if required, including the information in the annual crime statistics disclosure.

- To report by campus phone, dial 8-920-565-1126 to reach the LU Department for Campus Safety. If using a cell phone, please dial 920-565-1126.

- If it's an immediate emergency, dial 911 from any campus phone.
- To report in person, visit LU Department for Campus Safety at W3745 North Drive, Brotz Hall north entrance LL Rm 19.
- To report a crime online, go to the LU Department for Campus Safety webpage, [Non-confidential-reporting](#).

### Anonymous Reporting

If you are interested in reporting a crime online, you can utilize the LU Campus Safety Department, Anonymous Reporting, which can be accessed through the department's webpage [Confidential-reporting](#). If you are interested in reporting a crime by phone, you can utilize the LU Campus Safety Anonymous tip line by dialing 1-1-1 from a campus phone or 920-565-1111 from a cell phone. It is our policy to not attempt to trace the origin of the person who submits this form or call unless such is deemed necessary for campus and community safety. Cases reported anonymously are disclosed in the annual crime statistics.

### Campus Security Authorities (CSAs)

A Campus Security Authority is a term used to describe someone who has significant responsibility for student and campus activities. The regulations that govern the Clery Act (34 CFR 668.46) define a CSA as:

- A campus police department or a campus security department of an institution.
- Any individual or individuals who have responsibility for campus security but who do not constitute a campus police department or a campus security department (e.g., an individual who is responsible for monitoring entrance into institutional property).
- Any individual or organization specified in an institution's statement of campus security policy as an individual or organization to which students and employees should report criminal offenses.
- An official of an institution who has significant responsibility for student and campus activities, including, but not limited to, student housing, student complaint resolution, and University administrative conduct process.
- Pastoral and professional counselors are not considered a campus security authority when acting in their roles as pastoral or professional counselors.

If someone reports a crime to an employee of Lakeland University, that individual may have an obligation to share this information if he or she has been identified as a Campus Security Authority or Responsible Employee. Campus Security Authorities have a legal obligation to respond to reports of sexual violence, even if the individual making the report requests that no action be taken. While the University has identified a number of CSAs, we officially designate the following department(s) as a place where campus community members should report crimes:

<b>Department</b>	<b>Location</b>	<b>Phone Number</b>
<b>Department for Campus Safety</b>	Brotz Hall, LL19	920-565-1126

### Voluntary Confidential Reporting

If you are the victim of or witness to a crime, you may still choose to make a report and request that it remain confidential. The purpose of such a report is to comply with your wish to keep your identity confidential while also providing information to help ensure the future safety of yourself and others on campus. An individual's request regarding the confidentiality of reports of sexual assault or harassment will be considered in determining an appropriate response; however, such requests will be considered in the dual contexts of the University's legal obligation to ensure a working and learning environment free from sexual assault and harassment and the due process rights of the accused to be informed of the allegations and their source.

Some level of disclosure may be necessary to ensure a complete and fair investigation, although the University will comply with requests for confidentiality to the full extent as possible. Using the information provided in the confidential report, the University can keep an accurate record of the number of incidents involving students, employees, and visitors; determine whether there is a pattern of crime with regard to a particular location, method, or assailant; and alert the university community of potential dangers. Reports filed in this manner are counted and disclosed in the annual crime statistics for the university.

## Confidential Reporting for Students and Employees

If a student or employee would like the details of an incident to be kept confidential, the student or employee may speak with the on-campus counselors, campus Chaplain, a victim crisis advocate, off-campus local rape crisis counselors, domestic violence resources, or members of the clergy/chaplains who will maintain confidentiality except in extreme cases of the immediacy of threat or danger, abuse of a minor, or as otherwise required by law.

Students or employees may access a Victim Advocate and/or campus counselors in the LU Student Health services department. Contact information for confidential resources may be found below:

## Pastoral and Professional Counselors

Campus “Pastoral Counselors” and “Professional Counselors,” when acting as such, are not considered to be a campus security authority and are not required to report crimes for inclusion into the annual disclosure of crime statistics. As a matter of policy, the University encourages Professional Counselors, if and when they deem it appropriate, to inform the persons they are counseling of the procedures to report crimes on a voluntary, confidential basis for inclusion in the annual crime statistics.

A Pastoral Counselor is defined as an employee of the institution who is associated with a religious order or denomination, recognized by that religious order or denomination as someone who provides confidential counseling and who is functioning within the scope of that recognition as a pastoral counselor.

A Professional Counselor is defined as an employee of an institution whose official responsibilities include providing psychological counseling to members of the institution’s community and who is functioning within the scope of his or her license or certification.

## Services and Reporting Options for Victims

Students and employees who experience sexual assault, domestic violence, dating violence, and/or stalking have many options and services available to them on and off-campus, including mental health counseling, victim advocacy, off-campus legal assistance, and access to the criminal and campus disciplinary systems. Services are available to victims regardless of their choice to report the incident to law enforcement, and most are available at no charge.

## Procedures for Reporting

Lakeland University encourages victims of sexual assault, domestic violence, dating violence, and stalking to report the incident immediately to the LUDCS at (920) 565-1126 or contacting law enforcement by dialing 911 from a campus phone. In addition, individuals may also report sexual assault, domestic violence, dating violence, and stalking to the Dean for Students, Director for Campus Safety, Title IX Coordinator, Director for Residence Life, and or Student Success and Engagement Coaches. The Vice President for Campus Life is responsible for coordinating the institution's compliance with Title IX.

A victim has the right and is encouraged to notify the appropriate law enforcement agency to report sexual assault, domestic violence, dating violence, and stalking. Victims also have the right to be assisted by campus safety in notifying law enforcement if the victim chooses and to decline to notify both campus safety and law enforcement officials. If the crime occurred on Lakeland University property, Sheboygan County Sheriff's department has jurisdiction on the campus. If the crime occurred off-campus, the victim could notify the appropriate local law enforcement agency with jurisdiction at the location of the crime. Campus Safety will assist the victim in identifying the correct law enforcement agency and will assist the victim in reporting it to that agency. Victims have the right to NOT notify law enforcement or report the crime if they so choose.

If you choose to report to Campus Safety, Law enforcement will be notified as well as the Vice President for Campus Life and the Title IX Coordinator. Lakeland University will investigate a hostile environment and, to the extent, possibly pursue disciplinary action against the accused. The

Title IX Coordinator is obligated to investigate all reports of sexual misconduct and will do so “on notice” of a hostile environment.

We know that many student victims do not feel comfortable filing a criminal complaint with law enforcement, campus administrators, professors, or advisors. The campus provides training and information to these staff members. Healing can look different for everyone. Additional services, including confidential options, are available to victims, both on and off-campus.

### Department Authority

The Department for Campus Safety is located on the Lower Level of Brotz Hall, W3745 North Drive, north entrance LL room 19. The department provides safety and security services to the Lakeland community by foot and vehicle patrol 24 hours a day, seven days a week. A Director, four full-time and two part-time professional armed officers staff the Department for Campus Safety. Lakeland University's Department for Campus Safety is not a sworn department. However, all experienced staff officers are trained and can respond to any safety or security concerns within the Lakeland Community. Campus Safety Officers have jurisdiction to operate on all LU-owned or controlled properties, including the Main Campus, Milwaukee Campus, Green Bay Campus, Central Wisconsin Campus, Fox Cities Campus, Madison Campus, and Jakes Place.

They are trusted with the responsibility of ensuring federal, state, and local laws, as well as university policies and procedures, are followed and enforced. Suppose a LU student, faculty staff, or university guest commits any violations of university rules and regulations. In that case, LU Campus Safety officers may respond and generate an incident report and refer the individual to Student Conduct, Human Resources, and our jurisdictional law enforcement department.

All victims of crimes, as well as witnesses, are encouraged to report crimes to the Department for Campus Safety, law enforcement agency, or CSA (Campus Security Authority). A prompt response can ensure the future safety of the victim and the Lakeland University community.

### Working Relationship with Law Enforcement Agencies

The LU Department for Campus Safety maintains a close working relationship with the Sheboygan County Sheriff's Office. The LU Department for Campus Safety occasionally works with other law enforcement agencies. LU Department for Campus Safety does respond regularly to the scene of incidents that occur in and around the campus geographical area. The LU Department for Campus Safety works closely with agencies when incidents arise that require joint investigative efforts, resources, crime related reports and exchange of information, as deemed necessary.

As of 1/1/2017 Lakeland University has a recognized memorandum of understanding with the Sheboygan County Sheriff's Office, which is our jurisdictional law enforcement agency. The University anticipates establishing more MOU's with other jurisdictional departments where LU campuses fall under.

## Timely Warning Crime Alerts

### *Purpose:*

The purpose of this policy is to outline procedures Lakeland University, will use to issue Timely Warning Notices in compliance with the Clery Act. Lakeland University is comprised of, Sheboygan Main Campus, Madison Campus, Green Bay Campus, Japan Campus, Milwaukee Center, Fox Cities Center, Chippewa Valley Center, and Central Wisconsin Center.

### *Procedures:*

A Timely Warning Notice will be issued in the event any Lakeland University Campuses or center(s) receive notice of an alleged Clery Act reportable crime (identified below) occurring on campus, on public property within or immediately adjacent to one of the campuses of Lakeland University, or in or on non-campus buildings or property controlled by Lakeland University, where the University determines, in its judgment that the allegations present a serious or continuing threat to the Lakeland community. For purposes of this policy, “timely” means as soon as reasonably possible, after an incident has been reported to the Campus Safety Department, one of the Campus Security Authorities (CSAs) identified by each Campus, or jurisdictional law enforcement agency.

The Lakeland University Director for Campus Safety or his/her designee, the Executive Administrator(s) i.e. Vice President for Campus Life or his/her, or Dean for Students or his/her, impacted by the reported crime, are responsible for determining whether to issue a Timely Warning Notice.

Whether to issue a Timely Warning Notice is determined on a case-by-case basis for Clery Act reportable crimes such as: Murder, Sex Offenses (considered on a case-by-case basis depending on the facts of the case, when and where the incident occurred, when it was reported, and the amount information known by the Director for Campus Safety, or designee. In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. All cases of sexual assault, including stranger and non-stranger/acquaintance cases, will be assessed for potential issuance of a Timely Warning Notice. Robbery, Aggravated Assault (cases involving assaults among known parties, such as two roommates fighting which results in an aggravated injury, will be evaluated on a case-by-case basis to determine if the individual is believed to be an ongoing threat to the larger LU community), Burglary, Motor Vehicle Theft, Domestic Violence, Dating Violence, Stalking and Hate Crimes, as defined by the Clery Act. Timely Warning Notices also may be issued for other crimes as determined necessary by the Director for Campus Safety, Senior Administrator(s) or Dean for Students. Lakeland University will issue a Timely Warning Notice even if insufficient information is available if it is likely that there is an ongoing threat to the Lakeland community.

The above individuals determine if an alert should be sent and are the senders of the notices. In determining whether to issue a Timely Warning Notice, the responsible individuals described above will consider any factors reflecting on whether the reported crime represents a serious or continuing threat to the Lakeland community, including, but not limited to, (a) the nature of the incident; (b) when and where the incident occurred; (c) when it was reported; (d) the continuing danger to the Lakeland community; and (f) the amount of information known by the Lakeland University Department of Campus Safety.

Lakeland University uses Timely Warning Notice Decision Matrix & Timely Warning Notice Determination Form in the decision making process to document the decision to alert or not to alert the community. Once completed the form and any and all information related to the decision making process should be forwarded to the Director for Campus Safety and will be maintained by Lakeland University Department for Campus Safety for a seven year period.

Timely Warning Notices (Crime Alerts) will be distributed in various ways. A communications system for mass notifications is used to notify students and employees by way of mass e-mail. Information can also be provided on the Lakeland University website at <http://today.lakeland.edu>, alerts posted on bulletin boards throughout Lakeland Campus. The particular circumstances will determine the method of notification. Generally, notification will occur through the mass e-mail system to all Lakeland students and employees.

The Timely Warning Notice will typically include, to the extent known, the date, time and nature of the offense, a brief overview of its particular circumstances, a physical description of the offender(s), law enforcement's immediate actions, a request and method for witnesses to contact local law enforcement or Campus Safety and where applicable and appropriate, cautionary advice that would promote safety. Timely Warning Notices will be issued in a manner that will aid in the prevention of similar crimes and that does not include the name(s) of the victim or other identifying information about the victim. In developing the content of the Timely Warning Notice, Lakeland University Campus Safety will take all reasonable efforts not to compromise on-going law enforcement efforts. Lakeland University Department for Campus Safety will document and retain the justification for determining whether to issue a Timely Warning Notice for a seven year period.

Anyone with information about a serious crime or incident is encouraged to report the information to the Lakeland University Department for Campus Safety by phone at 920 565-1126, and in person at W3745 North Drive LL Rm#19. If a report is made to other Lakeland University official(s), those officials will immediately notify Lakeland University Campus Safety.

### Access to Campus Buildings and Residence Halls

Access to campus buildings and grounds is a privilege extended to students, faculty, staff and guests. The University encourages an open environment with limitations to assure adequate protection of all members of the University community. Except for residence halls, most campus facilities are normally open when classes are in session or by special arrangements. A few University facilities are available to the general community. Building hours are monitored and buildings are secured at the end of the regular academic day or business hours. Individuals who wish to access LU buildings or property after the regular academic day or business hours must make prior arrangements with the appropriate personnel.

During non-operational hours, University buildings are locked. Only faculty, staff, and students with proper authorization and identification are permitted into buildings.

All residence halls are equipped with an automated card access control system on the exterior doors that are used by students to enter their assigned residence hall. Guests and other visitors may visit residence halls as long as they have been authorized by their host who resides in that residence hall. The exterior security doors to all student residence halls are to remain locked 24 hours a day.

## Security and the Maintenance of Campus Facilities

The Department of Facilities Management maintains the university buildings and grounds with a concern for safety. Facilities Management staff inspect campus facilities regularly, promptly make repairs affecting safety and security, and respond to reports of potential safety hazards, such as lights that are out and broken windows and door locks. The LU Department of Campus Safety (LUCSD) assists Facilities Management by reporting potential safety and security hazards.

Lakeland University ensures security is the appropriate consideration as we address and schedule routine maintenance and make upgrades to facilities.

Campus Safety Officers conduct routine patrols of campus to assess and monitor security related matters for campus buildings and property, routine maintenance and make upgrades to facilities. Landscaping and outdoor lighting on campus is designed for security and to provide pedestrians peace of mind. Similarly, sidewalks and other pathways are designed to provide well-traveled lighted routes from parking areas to buildings and from one building to another.

Under the directions of the LU Campus Safety office, officers continually conduct security inspections to ensure campus lighting is adequate and the landscape is properly organized. Campus Safety Officers conduct routine checks of lighting on campus during regular assigned night duties. If lights are out or very dim, Campus Safety Officers will initiate a service request for Maintenance personnel to respond and repair the problem.

Unsafe facility conditions or those that raise concern for personal safety and property protection, including inoperable locking hardware, exterior lighting, steps, handrails, unsecured equipment, and hazardous conditions, should be reported by calling Facilities Management at 920 565-1031 x2267, or from a campus phone x2267 during normal business hours.

If unsafe facility conditions exist outside of normal business hours, please contact LU Campus Safety office at 920-565-1126.

Security procedures used in the Maintenance of residential facilities involve coordination between the Office of Residence Life and Maintenance. Students must report any maintenance concerns to their Resident Assistant (RA) or Residence Hall Director (HD) who will in turn put work orders into the reporting system. In times of emergency, members of the Maintenance Department have permission to enter rooms to make the necessary repairs. Off campus maintenance personnel are not allowed access to residential halls without permission from the Director of Facilities, Director of Residence Life or Director for Campus Safety.

## Missing Student Notification Policy and Procedures

In compliance with the “Higher Education Opportunity Act, P.L. 110-315, sec. 488, 122 Stat. 3301 (2008)” Missing Student Notification Policy and Procedures, it is the policy of the Office of Campus Safety to actively investigate any report of a missing resident who is enrolled at the University and residing in on-campus housing. Each resident will be notified of the Missing Student Notification Policy and Procedures via the Student Code of Conduct.

For purposes of this policy, a student may be considered to be a “missing person” if the person’s absence is contrary to their usual pattern of behavior and unusual circumstances may have caused the absence.

Such circumstances could include, but not be limited to, a report or suspicion that the missing person may be the victim of foul play, has expressed suicidal thoughts, where there are concerns for drug or alcohol use, is in a life-threatening situation or has been with persons who may endanger the student's welfare.

Each resident, on or before checking into their assigned room, has the option to identify the name and contact number of the individual(s) who are a primary contact to be notified in case of an emergency or in the event that the resident is reported missing. In the event the resident is under the age of 18 or is not emancipated, the University is required to have the primary emergency contact be a custodial parent or guardian in addition to any other missing person emergency contact person identified by the student. If a member of the University community has reason to believe that a student is missing, Campus Safety should immediately be notified.

**Note:** This notification can be made anonymously.

Upon receiving notification, Campus Safety, through the Vice President for Campus Life/Dean for Students, will make reasonable efforts to locate the student to determine their state of health and well-being. These efforts may include but are not limited to, checking the resident's room, class schedule, friends, ONE card access, locating the resident's vehicle, and calling their reported cell phone number. As part of the investigation, the University reserves the right to contact the individual(s) whom the student has identified as their emergency contacts person(s) to help determine the whereabouts of the resident.

If upon investigation by Campus Safety and concurred by the Vice President for Campus Life/Dean for Students, the resident has been determined to be missing for at least 24 hours, the following will occur. A University representative will contact the resident's designated emergency contact, (if the missing student is under the age of 18 and is not emancipated the student's custodial parent or guardian on record will also be notified), and the Director for Campus Safety or designee will contact the jurisdictional Police Department and request a missing person report initiating a police investigation. Even if a student has not registered a contact person, the local law enforcement agency will be notified that the student is missing.

Investigation will continue in collaboration with law enforcement officers as appropriate.

## Sex Offender Registration

The federal Campus Sex Crimes Prevention Act, enacted on October 28, 2000, requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice, as required under State law, of each institution of higher education in that State at which the person is employed, carries on a vocation, volunteers services or is a student. A list of registered sex offenders in Wisconsin is available at <http://offender.doc.state.wi.us/public/>

You can look up each Lakeland University campuses and centers by zip code by visiting: <https://appsdoc.wi.gov/public/offenders/geographic?reset=1>

## Security Awareness and Crime Prevention Education Programs for Students and Employees

During new student orientation, new students are informed of services offered by the Lakeland University Department of Campus Safety. Students are told about crime on campus and in the surrounding areas. Crime prevention programs and sexual assault prevention programs are offered on a continual basis.

Periodically during the academic year the LU Campus Safety Office, in cooperation with other University organizations and departments, present crime prevention and security awareness sessions on sexual assault (rape and acquaintance rape), drug abuse, theft, and vandalism, as well as educational sessions on personal safety, relationship violence, and residence hall security, as well as sessions alcohol abuse, date rape drugs, theft prevention, etc.

In addition to these presentations, information is disseminated to students, staff, and faculty through crime prevention awareness materials, posters and displays. Articles and advertisements in University communications and student publications are also used to share awareness information about security.

The LU Campus Safety Office works closely with the University which has the needs of first year students as a primary focus. The Residence Life Director annually educates and notifies the campus community of content and updates to Lakeland University Student Code of Conduct.

A common theme of awareness and crime prevention programs is to encourage students, staff, and faculty to be aware of their responsibility for their own security and the security of others. The institution regularly holds crime prevention and security awareness programs during the academic year.

When time is of the essence, information is released to the University community through Crime Alerts posted prominently throughout campus on billboards, through computer memos sent over the University's Email system, and posted on the University's webpage <http://today.lakeland.edu/>

The Student Development Office, Health Services, and the Athletic Department provide program initiatives in order to reduce the consumption of alcohol and other drugs by Lakeland students. ## Crimes Involving Students or Student Organizations at Non-Main Campus Locations:

Lakeland University operates no off-campus (non-campus) housing nor does it recognize any off-campus (non-campus) student organizations that would require the university to monitor off-campus (non-campus) criminal activity. However the institution does have a policy in place that addresses off campus reporting. It can found at [LU Campus Safety](#).

## Alcohol and Drug Policies

Lakeland University is concerned about the way in which alcohol use and abuse can affect the individual student, the rights and wellbeing of non-users, and the primary mission of the University. The primary objectives of the Lakeland University Alcohol Policy are as follows:

1. To promote among the students of the University community responsible behaviors and attitudes as they relate to the use of alcohol;
2. To inform students about the possible effects of the use of alcohol upon themselves and the community;
3. To offer help to individual students experiencing special difficulties associated with the use of alcohol;
4. To promote an understanding of reasonable behaviors and attitudes related to complying with state law, local ordinances, and University regulations as they apply to the use of alcohol on the Lakeland campus;
5. To offer alcohol-free living environments and activities for those who desire them;

The University strives to establish and maintain an alcohol and drug-free working environment. Consequently, unlawful manufacturing, distribution, possession, or use of illicit drugs or alcohol is prohibited in, on, or about the University property, or as part of a University sponsored activity by the student or employees.

The University expects all faculty, staff, and students to report to work and/or class free of the influence of alcohol or controlled substances and to obey related laws established and enforced by legal authorities (local, state, or federal). A member of the University community who violates the provisions of this policy or whose is impaired by alcohol or agents that are controlled substances may be required to complete an appropriate rehabilitation program, at their own expense, as a condition to remain a part of the University.

Violations of this policy may also result in disciplinary action, up to and including suspension or termination of employment/enrollment from the University and referral for prosecution.

Employees and students who need help in dealing with alcohol or drug related problems are encouraged to seek professional assistance. Human Resources or Student Conduct Office will help in locating agencies that can provide assessments or interventions for the individual seeking help. An employee or student's conscientious effort to discontinue the use or abuse of alcohol or the use of controlled substances or student's conscientious effort to discontinue the use or abuse of alcohol or the use of controlled substances will be encouraged and handled confidentially.

The University recognizes the abuse of alcohol or the use of controlled substances impairs the proper performance of duties and responsibilities. Steps taken to deter the abuse of alcohol or use of controlled substances include a continuing program of education emphasizing the facts about drugs and alcohol, referral on a non-punitive basis to support services (medical or personal counseling), and a campus climate where personal influence deters drug use and alcohol abuse.

This policy expresses Lakeland University's commitment to the maintenance of a drug and alcohol free workplace. All students and employees, as members of the Lakeland University community, must abide by the terms of this policy and report their own conviction under criminal drug statute for violations incurring either in the workplace or during the performance of University-related duties within five (5) days after conviction, as required by the Drug-Free Workplace Act of 1988.

Within 30 days of receiving notice of a conviction, the University will take appropriate action, such as employee termination, student dismissal, or required participation in a drug abuse assistance or rehabilitation program.

### Drug Free Schools and Communities Act

In compliance with the Drug Free Schools and Communities Act, Lakeland University publishes information regarding the University's educational programs related to drug and alcohol abuse prevention; sanctions for violations of federal, state, and local laws and University policy; a description of health risks associated with alcohol and other drug use; And a description of available treatment programs for LU students and employees.

Description of Drug and Alcohol Programs available to students both on and off campus.

On Campus: Our licensed counselors are available to provide a basic ATOD assessment and work with students to identify areas of drug or alcohol abuse and how/if they struggle. The counselors will then refer to outside community sources and those who specialize in ATOD abuse treatment when/if necessary and provide information on each of those programs as well as supplemental support and assistance with scheduling etc.

As part of our conduct process, students may work with any member of the Student Success and Engagement team regarding their choices when using ATOD in the form of education through an online education tool that would address the area they struggle with. Students will use <https://coursefordrugsandalcohol.com/about-the-course> & <https://coursefordrugsandalcohol.com/> As well as counseling resources on and off campus if deemed necessary.

On Campus Prevention efforts regarding ATOD: Each year students will attend a presentation on the code of conduct, which includes an educational component on ATOD prevention, safety and resources. In addition, many of the programs and activities provided for students are ATOD free including housing options.

Re-entry to the University: Should a student lose his/her student status due to continuous violation of the ATOD policies and or their admittance to a rehabilitation center, said student would meet with the Director of the health and counseling center as well as the Dean For Students to ensure a seamless re-entry and be placed in "dry" housing with other support services. Students would need to communicate regularly and effectively to ensure they are getting their needs met and that the University is providing them with the essential tools to be successful.

*\*It is important to note that students who violate the ATOD policies and are student-athletes may have further restrictions within the rules of the NCAA.*

A complete description of these topics, as provided in the University’s annual notification to students and employees, is available at The Dean for Students office for students, for employees please see Human Resources.

#### Alcohol/Drugs on University-Funded Trips

Students are not allowed to transport or consume alcoholic beverages or illegal drugs while participating in any University-sponsored trips or events. This policy applies to travel in University, public, rental or personal vehicles. Students must adhere to University policy while representing the institution at off-campus events.

### Emergency Response and Evacuation Procedures

LU maintains an Emergency Response Plan that outlines responsibilities of campus units during emergencies. This plan outlines incident priorities, campus organization and specific responsibilities of particular units or positions.

University units are responsible for developing emergency response and continuity of operations plans for their areas and staff. Campus emergency management provides resources and guidance for the development of these plans.

In conjunction with other emergency agencies, the University conducts emergency response drills and exercises each year, such as tabletop exercises, field exercises, and tests of the emergency notification systems on campus. These tests, which may be announced or unannounced, are designed to assess and evaluate the emergency plans and capabilities of the institution.

Each test is documented and includes a description of the exercise, the date and time of the exercise, and whether it was announced or unannounced.

The campus publicizes a summary of the emergency response and evacuation procedures via email at least once each year in conjunction with a test (exercise and drill) that meets all of the requirements of the Higher Education Opportunity Act.

#### *Building Evacuation*

- All building evacuations will occur when an alarm sounds and/or upon notification by Campus Safety and security or Resident Hall Directors.
- During an emergency leave by the nearest marked exit and alert others to do the same in a calm, orderly manner.
- **ASSIST THE HANDICAPPED IN EXITING THE BUILDING!** Remember that elevators are reserved for handicapped individuals. **DO NOT USE ELEVATORS IN CASES OF FIRE. DO NOT PANIC.**
- Once outside, proceed to the designated assembly area for your department, class or residence hall.
- Designated areas must be at least 500 feet from the building. Keep streets, fire lanes, hydrant areas and walkways clear for emergency vehicles and personnel
- Do not return to an evacuated building unless told to do so by Campus Safety and Security or
- Emergency Responders.

### *Campus Evacuation*

- Evacuation of all or part of the campus grounds will be announced by Campus Safety or designated personnel i.e. Emergency Responders or through the Emergency Alert Notification system.
- All persons (students and staff) are to immediately vacate the affected area and relocate to another part of the campus grounds as directed by Campus Safety & Security/Emergency Responders.

### *Evacuation Protocol*

Prior to an evacuation announcement, Campus Safety will determine if the best course of action is to evacuate or shelter in place, based upon the incident. Once that decision has been confirmed, an announcement will be made to the affected areas through the Emergency Alert Notification system. Once emergency responders arrive to campus (Police, Fire, EMS), Lakeland University Campus Safety shall transfer authority to the responding agency and shall cooperate and provide information and or assistance as requested.

### *Evacuation/Refuge Plan for Persons with Disabilities*

Emergency personnel are usually available to assist with evacuations though this may not always be the case. Those with mobility or other concerns that would make independent evacuation difficult are encouraged to make alternative plans and arrangements in advance to increase the likelihood that they will be able to exit the building safely in the event of an emergency.

Individuals with mobility concerns should become familiar with their classroom, office or residence hall area by locating exits, stairwells, elevators, fire-fighting equipment, fire alarms and established areas of safe refuge.

Advise others (supervisors, administrators, instructors, colleagues, fellow students) about any concerns that you may have related to emergency exiting and how they can assist you in the event of an emergency. This can include assistance to exits, areas of refuge and altering emergency services of your location.

### *Persons Using Crutches, Canes or Walkers*

If the person is having difficulty exiting quickly, treat him/her as if injured for evacuation purposes. Carrying options include using a two-person, lock-arm position, or having the person sit in a sturdy chair, preferably with arms. For level travel, an office chair with wheels could be utilized.

### *Extended Evacuation Procedures:*

In the event community safety cannot be ensured or returned to normal for an extended period of time, those who are able to leave the premises will be advised to do so once they have been accounted for by their Department or Residence Life. Those who must remain on site will be provided emergency shelter in the gymnasium or other location once the premises has been Inspected, secured and acknowledged as safe by law enforcement or fire officials, Emergency Government and the Campus Safety staff. Contingency emergency plans with area hospitals and schools is currently being developed.

### *Shelter in Place*

Some kinds of chemical accidents or attacks may make going outdoors dangerous. Leaving the area might take too long or put you in harm's way. In such a case it may be safer for you to stay indoors than to go outside.

“Shelter in Place” means to make a shelter out of the place you are in. It is a way for you to make the building as safe as possible to protect yourself until help arrives. You should not try to shelter in a vehicle unless you have no other choice. Vehicles are not airtight enough to give you adequate protection from chemicals.

### Residential Evacuation Locations

In the event of an emergency that required evacuation occurring in and on campus residence hall, students/employees/visitors would report to one of the two listed gathering points:

<b>Building</b>	<b>Primary Gathering Point</b>	<b>Flames/Smoke Present</b>
<b>A.M. Krueger</b>	Parking Lot J	Prof Drive Courtyard

### Emergency/Immediate Notification

Lakeland University has developed a process to notify the campus community in cases of emergency. While it is impossible to predict every significant emergency or dangerous situation that may occur on campus, the following identified situations are examples which may warrant an emergency (immediate) notification after confirmation: armed/hostile intruder; bomb/explosives (threat); communicable disease outbreak; severe weather; terrorist incident; civil unrest; natural disaster; hazardous materials incident and structural fire.

In the event of an emergency, Lakeland University will initiate and provide, without delay, immediate notifications to the appropriate segment(s) of the University community upon the confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students, employee and visitors.

The Department of Campus Safety staff is responsible for confirming an emergency in conjunction with campus administrators, local first responders and/or the national weather center.

If the Director for Campus Safety, or designee, in conjunction with other University administrators, first responders and/or the National Weather Service, confirms that there is an emergency or dangerous situation that poses an immediate threat to the health or safety of some or all members of the LU Community, the Director for Campus Safety, and the Director of External Relations will collaborate to determine the content of the message and will use some or all of the systems described below to communicate the threat to the LU Community or to the appropriate segment of the community, if the threat is limited to a particular building or segment of the population.

Lakeland University will, without delay and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless issuing a notification will, in the judgment of the first responders (including, but not limited to: DCSS, SCSO, and/or the Local Fire and Emergency Medical Services), compromise the efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

Notification will be made by using some or all of the following methods depending on the type of emergency: University Alert System (which contains email, and cell phone text,); fire alarm (where available), public address systems (where available), social media, digital signage (where available), local media, webpage and/or in person communication. If any these systems fail or the University deems it appropriate, in person communication may be used to communicate an emergency.

<b>TYPE OF SYSTEM</b> RAVE Alert	<b>PRIMARY MESSAGE CREATOR</b>	<b>BACKUP MESSAGE CREATOR</b>	<b>AUTHORITY FOR APPROVING &amp; SENDING MESSAGES</b>	<b>PRIMARY MESSAGE SENDER</b>	<b>BACKUP MESSAGE SENDER</b>

<b>LOCAL MEDIA</b>	Director of External Relations	Director of External Relations	President Director of External Relations	Director of External Relations	Coordinator of Digital Media

All Lakeland students, Faculty and staff are automatically opted-in to receive emergency text, emails and voice messaging.

The content of the message will vary depending on the situation. At a minimum, the messages will describe the emergency, provide basic instructions to the LU community and will direct them to where they can receive additional information.

Follow-up information will be distributed using some or all of the identified communication systems (except fire alarm).

The local news media may be utilized to disseminate emergency information to members of the larger community, including neighbors, parents and other interested parties. The larger community can also access emergency information via the Lakeland University homepage and/or social media.

### Lakeland University Sexual Harassment & Consent Policy Definitions

**Non-Consensual Sexual Intercourse (or Rape):** Non-Consensual Intercourse includes vaginal penetration however slight, by a penis, object, tongue or finger, anal penetration by a penis, object, tongue or finger, and oral copulation, mouth to genital contact or genital to mouth contact without a non-intoxicated, verbal, mutually understood "Yes".

**Non-Consensual Sexual Contact:** Non-Consensual Sexual Contact is any touching however slight, with any object or body part, of the breasts, buttocks, groin, or genitals, or touching either directly or through clothing, or making a person touch another or himself/herself on the breasts, buttocks, groin or genitals, either directly or through clothing without consent. Non-Consensual Sexual Contact includes disrobing or exposure of breasts, buttocks, groin or genitals to any individual".

Sexual violence (including sexual assault and intimate partner violence), coercion, stalking or harassment against individuals, whether perpetrated by a stranger or acquaintance, whether occurring

on or off campus, and whether directed against a member of the campus community or someone outside of the campus community, will not be tolerated and can lead to university judicial action and/or civil action.

Lakeland University recognizes the need to promote educational programs and has completed programs through new student orientation and special workshops held on campus.

Lakeland University recognizes that sexual assaults occur under a variety of circumstances:

- ✓ On- and off-campus
- ✓ Between people of any gender or sexual identity
- ✓ Between students, faculty, staff, alumni, and visitors to campus
- ✓ Where consent existed and was retracted
- ✓ When impaired by drugs and/or alcohol
- ✓ Regardless of any previous interaction or relationship

No matter what the circumstances, sexual assault violates the standards of acceptable behavior at Lakeland University. If you are a victim of sexual assault or misconduct, please refer to the on campus resources and reporting options or off campus resources and reporting options in this handbook.

## Consent

Lakeland University requires that consent to sexual activity be informed, freely and actively given through the demonstration of clear words or actions that a person has indicated permission to engage in mutually agreed-upon sexual activity. Consent cannot be obtained by force which includes the use of physical violence, threats, intimidation or coercion. Consent also cannot be inferred from silence or lack of resistance alone.

Consent cannot be obtained by taking advantage of the incapacitation of another where the person initializing sexual activity should have reasonably known the other lacks the ability to make rational and informed judgements whether to engage in sexual activity. A person who has consumed alcohol or drugs may be incapacitated yet appear lucid and conscious so sexual activity following the ingestion of drugs or alcohol should be exercised with caution. Consenting to one type of sexual behavior does not constitute consent for other types of sexual behavior. Additionally, previous consent to sexual activity does not constitute consent to future sexual activity. Consent can be withdrawn at any time through clear words or actions that an individual wants the sexual activity to cease. Once consent is withdrawn the sexual activity is to cease immediately.

Having sex with someone you know to be, or whom you should know to be, beyond their normal cognitive function is a violation of the Lakeland University Sexual Assault policy. Sexual contact with anyone who is inebriated, mentally or physically impaired, or incapacitated is a violation of this policy. People who have a mental illness or deficiency, are unconscious for any reason, or are physically unable to communicate are assumed to be incapable of giving consent. Under Wisconsin state statute, the age of consent is 18 years of age. Consensual sexual content with a person age 16 or 17 years of age is a criminal offense.

If any of the following are present, consent cannot be given:

- ✓ Force is the use of physical violence and/or imposing on someone physically to gain sexual access. Force also includes threats, intimidation (implied threats) and coercion that overcome resistance or produce consent.
- ✓ Threats are words or actions that would compel a reasonable person to engage in sexual activity.
- ✓ Intimidation is an implied threat that may cause another to have reasonable fear for their safety.
- ✓ Coercion is unreasonable pressure for sexual activity. Coercive behavior differs from seductive behavior based on the type of pressure someone uses to get consent from another.
- ✓ Incapacitation is a state where someone cannot make rational, reasonable decisions because they lack the capacity to give knowing consent (e.g., to understand “who, what, where, when or how” of their sexual interaction). Sexual activity with someone who you should know to be, or based on the circumstances should reasonably have known to be, mentally or physically incapacitated constitutes a violation of this university policy. University policy covers a person whose incapacity results from mental disability, sleep, involuntary physical restraints, or from taking drugs or other substances.
- ✓ Silence or inaction does not constitute consent. Returning to an individual’s room, being physically aroused, removing clothing, stroking, assenting to dancing or cuddling, obtaining contraception, etc. do not constitute consent.

### Sexual Exploitation

Occurs when a student, faculty or staff, takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit, or to benefit or advantage anyone other than the one being exploited, and that behavior does not otherwise constitute other sexual misconduct offenses.

Examples include, but are not limited to:

- a. Invasion of sexual privacy (such as watching a person undressing, using the bathroom or engaged in sexual acts without the consent of the person observed)
- b. Prostitution
- c. Non-consensual recording, displaying or distributing in any way, video, images and audio of a person engaged in sexually explicit conduct without the consent of that individual. Knowingly transmitting an STI or HIV to another student, and without informing the other person of the infection
- d. Exposing one's genitals in non-consensual circumstances; inducing another to expose their genitals
- e. Sexually-based stalking and/or bullying may also be forms of sexual exploitation

### *Intimate Partner Violence (Dating Violence, Domestic Violence)*

Intimate Partner Violence includes any act of violence committed by a current or former spouse or intimate partner of the complainant, by a person with whom the complainant shares a child in common, by a person cohabitating with or has cohabitated with the complainant as a spouse or intimate partner.

Engaging in physical, sexual, or emotional harm between partners or former partners involving one or more of the following:

- a. Battery that causes bodily injury
- b. Purposely or knowingly causing reasonable apprehension of bodily injury
- c. Emotional abuse creating apprehension of bodily injury or property damage
- d. Repeated telephonic, electronic, or other forms of communication – anonymously or directly – made with the intent to intimidate, terrify, harass or threaten

#### *Sexual or Gender-Based Harassment*

Sexual harassment includes “unwelcome conduct of a sexual nature and can include unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, or physical conduct of a sexual nature, such as sexual assault or acts of sexual violence.” (US Dept. of Ed. Office for Civil Rights)

Gender-Based Harassment includes harassment based on an individual’s gender, gender identity, gender expression or sexual orientation that (a) is sufficiently severe, persistent, or pervasive to limit a student’s or employee’s ability to benefit from an educational program; (b) explicitly or implicitly affects and individual’s academic or work performance, or creates an intimidating, hostile, or offensive academic or work environment, or (c) submission to or rejection of such advances, requests or conduct either explicitly or implicitly is made a term or condition of employment or education.

#### Hostile Environment

The US Department of Education and Justice defines “hostile environment” as an occurrence where a student is sexually harassed and the harassing conduct is sufficiently serious to deny or limit the student’s ability to participate in or benefit from the program. In determining whether this denial or limitation has occurred, Lakeland will examine all relevant circumstances from an objective and subjective perspective, including:

- The type of harassment (verbal or physical);
- The frequency and severity of the conduct;
- The age, gender, and relationship of the individuals involved;
- The setting and context of the alleged harassment;
- Whether similar incidents occurred at the university;
- And other relevant factors.

Sexual harassment can be blatant or it can be subtle. Blatant forms of sexual harassment include sexual propositions, inappropriate touching, unsolicited embracing or kissing, assault or rape. Subtle forms of sexual harassment include inappropriate or obscene jokes, intimate language, (i.e. dear, sweetheart, darling) and leering.

All forms of sexual harassment cause the victim to feel uncomfortable or threatened by the behavior and may cause the victim to fear retaliation such as the loss of a job or poor grades. Sexual harassment often involves a power differential, and in such cases the appearance of mutual consent does not necessarily constitute a defense against the charge of sexual harassment. Conduct toward a peer, which creates a coercive situation, may also be grounds for a sexual harassment complaint, even if a power differential does not exist.

It is expected that all interpersonal relationships of students will be characterized by honesty, equality, open communication and the nonviolent resolution of conflict. Any form of sexual contact without the free and full consent of both parties is completely contrary to these values and to other values that respect the integrity of the human person.

## Retaliation

It is a violation of University policy to retaliate against any person reporting or filing a complaint of harassment, discrimination, or sexual misconduct. Such conduct is inconsistent with University policy and may also be prohibited by law.

“Retaliation” is defined as any adverse action taken against a person making a complaint of prohibited conduct or against any person involved or participating in the investigation of any such allegation. Retaliation is prohibited with or without a University “No Contact” Directive in place.

The University will treat retaliation with the same strict discipline as discrimination or harassment. As such, any acts determined retaliatory will be subject to appropriate disciplinary action, including but not limited to suspension, dismissal, probation, deferred suspension, removal from campus, and/or any combination of the previously mentioned. Report alleged acts of retaliation to the Title IX Coordinator, Deputy Title IX Coordinator(s), and/or LUDCS.

### *Complicity*

Complicity is any act taken to aid, abet, facilitate, promote or encourage a prohibited act by another person. Students who have been sexually assaulted, have witnessed a sexual assault or have information about a sexual assault are urged to report the information to the either the Lakeland University Safety and Security Office, the Division of Student Affairs and/or to the Sheboygan County Sheriff’s Department.

## Sexual Misconduct Statement

Sexual misconduct is a broad term encompassing behaviors focused on sex and or gender discrimination that may or may not be sexual in nature. Sexual misconduct offenses prohibited by this policy include, but are not limited to:

- ✓ Sexual harassment;
- ✓ Non-consensual sexual contact, or attempts to commit same;
- ✓ Non-consensual sexual intercourse, or attempts to commit same;
- ✓ Sexual exploitation;
- ✓ Intimate relationship violence, or;
- ✓ Stalking.

Students are subject to criminal statutes and various federal, state and local laws which regulate civil conduct including sexual misconduct. The university is also bound by and supports all applicable laws. Consistent with the law, Lakeland University intends to provide a safe and welcoming campus environment. Lakeland University offers educational programming to promote the awareness of rape, acquaintance rape and other sexual misconduct, forcible and non- forcible. There are instances where conduct or content of a sexual nature is a legitimate part of the curriculum, whereas the same conduct might be sexual harassment in another context. Reports of sexual misconduct will be taken seriously and incidents will be responded to appropriately and in a timely manner. To report issues of sexual

misconduct please contact the Department for Campus Safety at 920-565-1126 or the Director for Campus Safety at 920-565-1000 Ext. 2501.

## Reporting and Confidentiality

The university will make all reasonable attempts to protect the identity of persons who report having been victims of sexual assault, intimate partner violence, stalking, retaliation, sexual or gender-based harassment sexual exploitation.

However, reporting individuals should be aware the university's confidentiality and mandating reporting obligation in order to make informed choices. Some "confidential reporting positions" such as the campus Chaplain or campus Counselor offer confidentiality without the obligation to inform anyone unless the complainant wants them to. Other university faculty and staff (including RA's) are considered "mandatory reporters" and must inform the Department for Campus Safety or Title IX team member who, in turn, must contact law enforcement for reporting purposes.

It is important to note the reporting party still maintains the choice of whether or not to file a criminal complaint with law enforcement or campus officials. If the reporting party decides not to pursue the case through the university's judicial system, the university may decide to pursue the case if they feel campus safety is a concern. Information regarding the case will only be told to individuals with a need to know.

Victims may request that directory information on file with the University be withheld and protected by making the following request to the Title IX Coordinator and or the Registrar's office:

### **OPT out of Disclosure of Directory information:**

Students may opt to withhold directory information. If selected, all request for information will be refused, including verification of enrollment or degree earned to any third party requestor.

Students choosing to withhold directory information should contact the registrar's office at (920) 565-1041 to request this information restriction.

Regardless of whether a victim has opted-out of allowing the University to share "directory information," personally identifiable information about the victim and other necessary parties will be treated as confidential and only shared with persons who have a specific need-to-know, i.e., those who are investigating/adjudicating the report or those involved in providing support services to the victim, including accommodations and protective measures.

By only sharing personally identifiable information with individuals on a need-to-know basis, the institution will maintain as confidential, any accommodations or protective measures provided to the victim to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

The University does not publish the name of crime victims or other identifiable information regarding victims in the Daily Crime Log or in the annual crime statistics that are disclosed in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act. Furthermore, if a Timely Warning Notice is issued on the basis of a report of domestic violence, dating violence, sexual assault or stalking, the name of the victim and other personally identifiable information about the victim will be withheld.

### *Reporting Sexual Assault, Domestic Violence, Dating Violence & Stalking*

If you feel you are or have been the victim of sexual assault, domestic violence, dating violence, or stalking please do the following;

- ✓ Report the incident to a confidential reporter if you wish to have the incident remain confidential (see “confidential employees” above);
- ✓ Report the incident to a mandatory reporter (see “mandatory reporters” above);
- ✓ If applicable do not disturb any evidence; this includes bedding, clothing, e-mails, texts or anything that may assist in an investigation.
- ✓ If sexually assaulted, do not shower, wash yourself or go to the bathroom.
- ✓ If sexually assaulted, it is advised to get medical attention at Aurora hospital (SANE Exam)

A report is written documentation of sexual assault, domestic violence, dating violence, or stalking. It contains the name(s) of those involved, the date, time, and location of the alleged event, and a short written summary of what is reported. When a student reports any VaWA crimes, the university will investigate by conducting a Title IX investigation.

Title IX Investigators will consult with the reporting party about his/her wishes regarding how the investigation should proceed; the university may investigate even if the complainant decides not to participate. There is no statute of limitations for university complaints, but potential complainants are reminded that the university’s ability to effectively investigate complaints can be impaired or negated as time passes.

All reports of VAWA crimes are kept in the office of the Title IX Coordinator and/or the Department of Campus Safety, for use in reports required by the Clery Act.

Reported incidents will show up in campus crime statistics without identifying the person filing the report.

The above listed people are required to file a report if told about sexual assault, Dating/Domestic Violence and or stalking.

Although the university strongly encourages all members of its community to report violations of this policy to law enforcement including the department of campus safety, it is the victim's choice whether or not to make such a report. If so desired, students should report the assaults to the Department for Campus Safety at 920-565-1126.

The Department for Campus Safety can help a student report an assault to the sheriff's office. The Sheboygan County Sheriff's Office may also be reached directly by calling 920 459-3111, in person at 525 N 6th St, Sheboygan, WI 53081. Additional information about the Sheboygan County Sheriff's Office may be found online at:

<https://www.sheboygancounty.com/departments/departments-r-z/sheriff-s-department>

Informing the Department for Campus Safety does not obligate a student to pursue action through the police or the campus judicial process. Furthermore, victims have the right to decline to notify law enforcement. The information remains confidential until a victim chooses to pursue conduct or police action. Campus resources for supporting victims and survivors include the Health Center and

the campus chaplain. If the victim is below the age of 21 and the consumption of alcohol by that minor was involved, the university will not pursue conduct action against the victim in relation to the alcohol consumption.

### Procedures Victims Should Follow if a Crime of Domestic Violence, Dating Violence, Sexual Assault and Stalking Occurs

After a sexual assault, dating violence or domestic violence has occurred get to a safe place. Call someone. Don't be alone. Seek immediate medical treatment for injuries and to preserve evidence. Aurora Sheboygan Memorial Medical Center in Sheboygan has specially trained staff specializing in assisting victims of sexual assault. The victim of an assault can receive treatment to injuries and preserve evidence at no cost to the victim, which means a claim does not need to be filed with your medical insurer.

Aurora Sheboygan Memorial Medical Center, in cooperation with Safe Harbor, offers safe and caring services to survivors of rape, incest, sexual abuse and sexual assault. Aurora Sheboygan Memorial Medical center staff will help victims and survivors soon after an assault or even weeks later. The Sexual Assault Response Team can be contacted at 920-451-5553. It is important that a victim of sexual assault not bathe, douche, smoke, change clothing or clean the bed/linen/area where they were assaulted if the offense occurred within the past 96 hours so that evidence may be preserved that may assist in proving that the alleged criminal offense occurred/or is occurring or may be helpful in obtaining a protection order. In circumstances of sexual assault, if victims do not opt for forensic evidence collection, health care providers can still treat injuries and take steps to address concerns of pregnancy and/or sexually transmitted infections.

Victims of sexual assault, domestic violence, stalking, and dating violence are encouraged to also preserve evidence by saving text messages, instant messages, social networking pages, other communications, and keeping pictures, logs or other copies of documents, if they have any, that would be useful to University adjudicators/investigators or police.

As time passes, evidence may dissipate or become lost or unavailable, thereby making investigation, possible prosecution, disciplinary proceedings, or obtaining protection from abuse orders related to the incident more difficult. If a victim chooses not to make a complaint regarding an incident, he or she nevertheless should consider speaking with Campus Safety or other law enforcement to preserve evidence in the event that the victim decides to report the incident to law enforcement or the University at a later date to assist in proving that the alleged criminal offense occurred or that may be helpful in obtaining a protection order.

The University has procedures in place that serve to be sensitive to victims who report sexual assault, domestic violence, dating violence, and stalking, including informing individuals about their right to file criminal charges as well as the availability of counseling, health, mental health, victim advocacy, legal assistance, visa and immigration assistance and other services on and/or off campus as well as additional remedies to prevent contact between a complainant and an accused party, such as housing, academic, protective orders, transportation and working accommodations, if reasonably available.

The University will make such accommodations, if the victim requests them and if they are reasonable available, regardless of whether the victim chooses to report the crime to the Lakeland University Department for Campus Safety or the Sheboygan County Sheriff's department.

Such written information will include:

## Process for Completing Temporary Restraining Orders

<p style="text-align: center;"><b>Step One: Complete Petition for Temporary Restraining Order (TRO) and File</b></p>	<p style="text-align: center;"><b>Step Two: Attend Injunction Hearing</b></p>
<p><b>Filing a TRO is an ex parte proceeding.</b> This means only one party is filing the petition. Thus, the respondent does not need notice of the filing of the TRO petition.</p> <p><b>Once complete, take the TRO to the courthouse to file.</b> Bring identification as it is required to file the petition.</p> <p><b>After you give the petition to the clerk, you will be asked to wait while the clerk finds a judicial officer to review the petition/make a decision.</b> The judge or circuit court commissioner will review the TRO petition. That person may ask you questions. However, you might not see the person at all.</p> <p><b>The court will grant/deny the TRO.</b> If the judge or circuit court commissioner does not meet with you, the court will have the clerk return the signed or denied TRO to you.</p> <p><b>If the TRO is granted, the clerk must provide the sheriff with a copy of the TRO and injunction for service.</b> The sheriff shall assist the petitioner with the service. §§<a href="#">813.12(6)(a)</a>, <a href="#">813.122(9)(a)</a>, <a href="#">813.123(8)(a)</a>, <a href="#">813.125(5g)</a>.</p> <p><b>If the TRO is denied and petitioner requested and there will be an injunction hearing, the petitioner must provide respondent notice of the injunction hearing. This means there is no TRO prior to the hearing.</b></p> <p><b>The TRO process is completed when:</b></p> <ol style="list-style-type: none"> <li>1. Complete the petition.</li> <li>2. File the petition with the court.</li> <li>3. Wait while the court reviews the petition and grants or denies; if granted, court sets a date/time for the injunction hearing.</li> <li>4. Make sure respondent has notice of the injunction hearing if a hearing date is scheduled.</li> </ol>	<p><b>The injunction hearing must happen within 14 days of issuance of the TRO, unless there is a one-time 14 day extension.</b> If the extension is granted, prior to the new date of the injunction hearing, be sure that proof of service has been provided to the court.</p> <p><b><i>There is no injunction hearing unless the petitioner provides notice of the hearing to the respondent.</i></b> If the respondent cannot be located, the petitioner can attend the injunction hearing to ask for an extension of the TRO to allow service by publication for either a domestic abuse or the harassment restraining order. A service by publication is not possible for individuals at risk or child abuse orders.</p> <p><b>Injunction hearings vary. Basic process:</b></p> <ol style="list-style-type: none"> <li>1. Court asks who is present.</li> <li>2. Petitioner testifies.</li> <li>3. Respondent can conduct cross examination of the petitioner. (Ask questions of petitioner)</li> <li>4. Witnesses for petitioner testify; respondent can cross-examine.</li> <li>5. Petitioner can cross-examine respondent.</li> <li>6. Witnesses for respondent testify; petitioner can cross-examine.</li> <li>7. Testimony is sometimes limited to only what was stated in the petition.</li> <li>8. Cross examination is to be limited to <i>ONLY</i> what was said by the party.</li> <li>9. Common objections to questions on cross examination are: “Not relevant” or “Hearsay.” Allow the court to rule on an objection prior to testifying.</li> </ol> <p><b>The Injunction hearing is completed when:</b></p> <ol style="list-style-type: none"> <li>1. Hearing is scheduled and service occurred.</li> <li>2. The court conducts a hearing by asking questions or has parties/witnesses testify.</li> <li>3. Parties bring/give “proof” about incidents. Parties may need to know how to present evidence.</li> <li>4. If a GAL has been appointed, court hears GAL recommendation.</li> <li>5. Court makes decision to deny or grant order.</li> </ol>

Lakeland University may issue an institutional no contact order if deemed appropriate or at the request of the victim or accused. If the University receives a report that such an institutional no contact order has been violated, the University will initiate disciplinary proceedings appropriate to the status of the accused (student, employee, etc.) and will impose sanctions if the accused is found responsible for violating the no contact order.

## Adjudication of Violations

Lakeland University’s disciplinary process includes a prompt, fair, and impartial investigation and resolution process. In all instances, the process will be conducted in a manner that is consistent with the institution’s policy and that is transparent to the accuser and the accused. Usually, the resolution of domestic violence, dating violence, sexual assault and stalking complaints are completed within 60 days of the report. However, each proceeding allows for extensions of timeframes for good cause with written notice to the accuser and the accused of the delay and the reason for the delay. University officials involved in the investigation or adjudication of domestic violence, dating violence, sexual assault and stalking complaints are trained annually on the issues related to domestic violence, dating violence, sexual assault, and stalking as well as how to conduct an investigation and hearing process that protects the safety of the victim and promotes accountability. Furthermore, each policy provides that:

1. The reporting party and the responding party will have timely notice for meetings at which the accuser or accused, or both, may be present;
2. The reporting party, the responding party and appropriate officials will have timely and equal access to any information that will be used during formal and informal disciplinary meeting and hearings;
3. The institutional disciplinary procedures will not be conducted by officials who have a conflict of interest or bias for or against the accuser or the accused;
4. Both the Reporting party and Responding party in the University Title IX investigation process may have the assistance of an advisor or support person of their choosing throughout the process. This individual may be a friend, faculty/staff member, family member, or an attorney. The University has designated staff members who may serve in this capacity. The contact information will be provided to the Reporting party and Responding party. The role of the process advisor/support person is limited. The reporting party and responding party are expected to ask and respond to questions on their own behalf. The process advisor/support person may consult with the advisee quietly or in writing, or outside the meeting during breaks, but may not speak under any circumstances on behalf of the advisee to the investigator. Attorneys may be present and may consult with the advisee quietly or in writing, or outside the meeting during breaks, but may not speak under no circumstances on behalf of the advisee to the investigator;

5. The reporting party and the responding party will be notified simultaneously, in writing, of the any initial, interim and final decision of any disciplinary proceeding;
6. Once a Decision Notification Letter is issued under this Policy, the Complainant and the Respondent shall each have the right to submit an appeal to the Title IX coordinator within five (5) business days of receiving the written Decision Notification Letter from the Title IX Coordinator. The Decision Notification Letter will be provided in person and/or emailed to both parties via university-issued email account only. Once the Decision Notification Letter is provided in person and/or sent via email, it will be deemed presumptively delivered.

Any party who files an appeal must do so in writing and submit it to the Title IX Coordinator who will determine if the appeal is timely. If the appeal is timely, the Title IX Coordinator will forward the appeal to the appeal board which consist of three appointed Deputy Title IX Coordinators. A copy of the appeal will be promptly provided to the non-appealing party as well.

The appeal process is not a hearing or a review of the entire matter; rather, it is a review of the record and process only. Appeal decisions are to be deferential to the original investigative findings and determination, remanding only when there is clear reason to do so. Further, modification of the sanction(s) shall only occur if there is a compelling justification to do so.

The Title IX Coordinator may take one of three possible actions on appeal:

- a) Dismiss the appeal as having no merit, upholding the initial findings and sanction(s).
- b) Remand to the original investigator for further investigation or fact-finding.
- c) Modify the outcome and/or sanction(s).

Criteria for an Appeal:

- a) Procedural or substantive error occurred that significantly impacted the outcome of the hearing (e.g., substantiated bias, material deviation from established procedures.)
- b) To consider new evidence, unavailable during the original investigation, that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included.
- c) The sanction(s) imposed fall outside the range of sanctions designated for this offense and the cumulative conduct history of the responding party.

The Appeal board will typically render a written decision on the appeal to the Title IX Coordinator within five (5) business days from receipt of the appeal. The Title IX Coordinator will forward the written decision of the Appeal board to the parties.

The Appeals board decision is final and there are no further appellate options.

Whether or not criminal charges are filed, the university or a person may file a complaint under the following policies, depending upon the status of the responding party (student or employee):

### *Complaint Process Overview*

These procedures apply to student, staff, and faculty complaints of sexual misconduct against other students, employees or third parties.

The University will respond to allegations of sexual misconduct, including taking interim measures such as a “no contact” orders between the parties, interim suspension, room reassignment, academic accommodations and/or counseling. The University prohibits retaliation against reporting parties and anyone participating in an investigation. If an allegation of sexual misconduct involves an athlete, someone outside the athletic department oversees the grievance process. Mediation cannot be used for sexual harassment or non-consensual sexual contact/intercourse cases.

### *Reporting Options*

Lakeland University’s primary concern is the safety of its students, faculty and staff, and to encourage reporting of Prohibited Conduct. All University employees have a duty to report actual or suspected Prohibited Conduct to appropriate officials, though there are some limited exceptions for those with “legal privilege.” Reporting parties may want to consider carefully whether they share personally identifiable details with employees who have a duty to report, as those details must be shared by the employee with the Title IX Coordinator and/or Deputy Title IX Coordinator(s), and/or Lakeland University Department for Campus Safety (LUCSD). To be clear, employees with a duty to report must share all details of the reports they receive.

### *Preliminary Investigation*

Following receipt of a complaint/report, the Title IX Coordinator will promptly assign one Deputy Title IX Coordinator/investigator to work with and interview the reporting party and coordinate the University’s response. The University reserves the right to designate a different Deputy Title IX Coordinator or investigator if there is a conflict or when deemed appropriate by the Title IX Coordinator. If the complaint does not allege a Policy violation, or if other resolution options are appropriate, or if a reporting party does not wish to pursue further action, then the report will not proceed to a University Title IX investigation, barring extenuating circumstances.

### *Investigation*

If the Title IX Coordinator determines a full investigation should proceed, then the University will conduct a prompt, fair, and impartial investigation. All attempts will be made to complete a Lakeland Title IX investigation within 60 calendar days after the responding party is notified of the investigation. The Title IX Coordinator may extend this time frame for good cause with written notice to the reporting party and responding party. Good cause for extensions includes, but is not limited to, the following:

1) The complexity of the case requires additional time; 2) there are multiple parties involved; 3) the witnesses or parties are unavailable or uncooperative; 4) University closure or academic breaks; 5) if the University investigation would compromise a law enforcement investigation.

- a) The University may briefly delay its investigation to allow evidence collection by law enforcement.
- b) The process set forth in this policy is separate and distinct from any criminal investigation or proceeding and is a result of the University’s obligation under Title IX to ensure it is

providing a safe environment. The University reserves the right to conduct its own Title IX investigation when it has reason to believe that the responding party may be an imminent threat to the safety of the reporting party and/or the Lakeland community.

### *Complaint Resolution*

When it is determined that a formal investigation is necessary, the Title IX Coordinator will open a case file and the investigation will proceed as follows:

- a. Determine the identity of the Reporting party (if not already known), contact information, any witnesses, and the Responding party, if he/she can be identified.
- b. Specify policies allegedly violated.
- c. Send a Notice of Investigation and Potential Violation to the Responding party (Reporting party will receive a copy).
- d. The written notification may be sent to the Reporting party and Responding party's respective residences or may be sent to them via email to their Lakeland University email account. Reporting parties and Responding parties are expected to check their email on a frequent and consistent basis and act in a timely manner as outlined in the official use of email to communicate with students' policy, or Employee Handbook (See Employee Handbook).
- e. The investigator will review statements obtained from all parties, conduct interviews with both reporting party and responding party, conduct witness interviews, identify, locate and review other relevant information.
- f. The Reporting party and Responding party will have the same opportunity to identify witnesses for the investigator(s) to interview. The investigator has the right to forgo interviewing a witness if the investigator determines that the person does not have information that is relevant to the investigation. The investigator will not meet with character witnesses as part of the investigation process if they have no relevant factual information about the incident.
- g. Throughout the investigation, both the Reporting party and Responding party must provide information to the investigator if they remember, or learn of, additional information.
- h. The Reporting party and Responding party have the right to an advisor of their choosing present for an investigation interview with the designated investigator. See Section Process Advisor/Support Person.
- i. Preponderance of Evidence Standard. The standard of proof for determining a violation of this Policy is that of a preponderance of the evidence—meaning that it is more likely than not that a violation of the Policy occurred.
- j. At the conclusion of the investigation, the investigator will forward the full Investigative Report and Determination of Sanction to the Title IX Coordinator for review and approval.

The Report will contain the information obtained in the investigation, an analysis of the information, findings and determination of sanction.

- k. The Title IX Coordinator will inform the Reporting party and the Responding party of the investigator's finding by issuing a Decision Notification Letter. The Decision Notification Letter will include findings of fact and a determination of sanction(s), if applicable.
- l. If a Responding party is found responsible for violating this Policy, and whether or not the Responding party accepts the findings, the report will be sent to the appropriate University official(s) for action on the sanctions. Once the appropriate University official implements the sanction/action, the same shall be communicated to the Title IX Coordinator. See Section Sanctions.
- m. The University will, where appropriate, take reasonable steps to remedy the harm to the affected individual(s) of the sexual harassment, including counseling to those who have been subjected to or who have engaged in sexual harassment.

NOTE: In the event the Title IX Coordinator states there is a conflict of interest in sanctioning the responding party, the Coordinator will authorize three Deputy Title IX Coordinators to review the determination of sanction. Once there is an approval, the Title IX Coordinator will inform the Reporting party and the Responding party of the investigator's finding by issuing a Decision Notification Letter. The Decision Notification Letter will include findings of fact and a determination of sanction(s), if applicable.

#### *Sanctions*

Lakeland University reserves the right to impose differing sanctions, depending on the severity and/or pervasiveness of the violation. In determining sanctions, the University will consider the concerns and rights of both the Reporting party and the Responding party.

The following sanctions may be imposed upon any member of the community found to have violated this Policy. In determining the appropriate sanction(s), the University must examine and consider a number of factors, including, but not limited to: 1) level of risk or harm to the community; 2) the nature and seriousness of the offense; 3) use of drugs or alcohol; 4) motivation underlying the Respondent's behavior; 5) the Respondent's disciplinary history, including prior habitual violations or similar type; 6) cooperation with the investigation.

Note: sanctions will not generally be implemented until after the appeal deadline has passed or, if an appeal is filed, until after the appeal has concluded. However, Lakeland reserves the right to keep in place interim measures, or to implement additional measures, on a case-by-case basis, at any time.

#### *Possible Sanctions and Outcomes*

If it is more likely than not sexual misconduct has happened (in other words, if the preponderance of the evidence suggests that misconduct occurred), a student will be found responsible for violating university policy and the judicial officer will consider a range of sanctions and outcomes.

Disciplinary sanctions possible for a person found responsible of violating the sexual misconduct policies include but are not limited to: Suspension, expulsion, probation, counseling, deferred suspension, removal from campus, and/or any combination of the previous when determining an appropriate sanction, the investigating officers will consider the sexual assault or misconduct complaint as a whole, the disciplinary background of the accused individual(s), and the totality of the circumstances, including the nature of the conduct and the context in which it occurred.

#### *If the accused is a faculty or staff member*

In cases of personal harassment, sexual assault or sexual misconduct by staff or faculty members toward students, the case is referred to the Department of Human Resources. To file a complaint off - campus, please contact the Sheboygan County Sheriff's Department, or the appropriate jurisdictional law enforcement department where your campus or center resides in.

#### *University-Initiated Protective Measures*

In addition to those protective measures previously described the Title IX Coordinator or their designee will determine whether interim interventions and protective measure should be implemented, and, if so, take steps to implement those protective measures as soon as possible. Examples of interim protective measures include but are not limited to: a University order of no contact, residence hall relocation, adjustment of course schedules, a leave of absence, or reassignment to a different supervisor or position. These remedies may be applied to one, both, or multiple parties involved.

Violations of the Title IX Coordinator's directives and/or protective measures will constitute related violations that may lead to additional disciplinary action. Protective measures imposed may be temporary pending the results of an investigation or may become permanent as determined by LU University.

## Primary Prevention Programs

Lakeland University takes the safety of our students seriously, and we strive to create an environment and culture that is safe for all community members and is respectful of all individuals. Sexual assault, domestic violence, dating violence and stalking prevention and response are crucial to creating a safe, supportive, and healthy environment for students, faculty, and staff. The programming provided at LU includes such topics as sexual assault/sexual violence, domestic violence, dating violence, and stalking. The University engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end sexual assault/sexual violence, sexual harassment, dating violence, domestic violence, stalking that:

- Are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome;
- Consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Programs to prevent dating violence, domestic violence, sexual assault, and stalking include both primary prevention and awareness programs directed at incoming students and new employees and ongoing prevention and awareness campaigns directed at students and employees).

Our educational programming consists of primary prevention and awareness programs for all incoming students and new employees. Our programming starts with orientation in early fall for incoming students and their parents and extends into the first semester and beyond. It also includes ongoing awareness and prevention campaigns for continuing students.

Our educational initiatives do the following:

- Make clear that LU policy prohibits the crimes of domestic violence, dating violence, sexual assault and stalking;
- Make available the definitions of domestic violence, dating violence, sexual assault and stalking according to Wisconsin law;
- Define consent and identify what behavior and actions constitute consent in reference to sexual activity and in accordance with LU Policy. As well as define the State of Wisconsin definition of consent.
- Lakeland University's definition of consent is clear, knowing and voluntary. Consent is active, not passive. Silence, in and of itself, cannot be interpreted as consent. Consent can be given by words or actions, as long as those words or actions create mutually understandable clear permission regarding willingness to engage in (and the conditions of) sexual activity. Consent to any one form of sexual activity cannot automatically imply consent to any other forms of sexual activity. Previous relationships or prior consent cannot imply consent to future sexual acts. Consent can be withdrawn at any time.

- ✓ Provide descriptions and examples of safe and positive options for bystander intervention that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault or stalking. Bystander intervention includes recognition of situations that may involve potential harm, knowledge of institutional structures and cultural conditions that may facilitate violence, identification of barriers to intervening and safe, effective intervention strategies, and action to intervene;
- ✓ Provide information on risk reduction, including options designed to decrease perpetration and bystander in-action and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that may facilitate violence.

**Provide information regarding:**

- ✓ Procedures victims should follow if a crime of domestic violence, dating violence, sexual assault and stalking occurs (as described in Reporting and Resources);

### Risk Reduction from Sexual Assaults

With no intent to victim blame and recognizing that only abusers are responsible for their abuse, the following are some strategies to reduce one's risk of sexual assault or harassment (taken from Rape, Abuse, & Incest National Network, [www.rainn.org](http://www.rainn.org))

1. *Be aware* of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation.
2. Try to *avoid isolated areas*. It is more difficult to get help if no one is around.

3. *Walk with purpose.* Even if you don't know where you are going, act like you do.
4. *Trust your instincts.* If a situation or location feels unsafe or uncomfortable, it probably isn't the best place to be.
5. *Try not to load yourself down* with packages or bags as this can make you appear more vulnerable.
6. *Make sure your cell phone is with you* and charged and that you have cab money.
7. *Don't allow yourself to be isolated* with someone you don't trust or someone you don't know.
8. *Avoid putting music headphones in both ears* so that you can be more aware of your surroundings, especially if you are walking alone.
9. *When you go to a social gathering, go with a group of friends.* Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
10. *Trust your instincts.* If you feel unsafe in any situation, go with your gut. If you see something suspicious, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).
11. *Don't leave your drink unattended* while talking, dancing, using the restroom, or making a phone call. If you've left your drink alone, just get a new one.
12. *Don't accept drinks from people you don't know or trust.* If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, don't drink from the punch bowls or other large, common open containers.
13. *Watch out for your friends, and vice versa.* If a friend seems out of it, is way too intoxicated for the amount of alcohol they've had, or is acting out of character, get him or her to a safe place immediately.
14. *If you suspect you or a friend has been drugged, contact law enforcement immediately (local authorities can be reached by calling 911 in most areas of the U.S.).* Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
15. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
  - *Remember that being in this situation is not your fault.* You did not do anything wrong, it is the person who is making you uncomfortable that is to blame.
  - *Be true to yourself.* Don't feel obligated to do anything you don't want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
  - *Have a code word with your friends or family* so that if you don't feel comfortable you can call them and communicate your discomfort without the person you are with

knowing. Your friends or family can then come to get you or make up an excuse for you to leave.

- ✓ *Lie.* If you don't want to hurt the person's feelings it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are: needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
- ✓ *Try to think of an escape route.* How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
- ✓ *If you and/or the other person have been drinking,* you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.
- ✓ *Facts (not myths) about sexual assault, domestic violence, dating violence and stalking:*
- ✓ Most victims of sexual assault know the perpetrator (boyfriend/girlfriend, classmate, someone they meet at a party, coach, etc.) On University campuses, only about 10 percent of assaults are committed by a stranger.
- ✓ Sexual assault is defined by the perpetrator's failure to get consent, not the victim's resistance or attempts to fight back.
- ✓ An absence of a NO does not mean YES. If you aren't sure, ask.
- ✓ Sexual assault, domestic violence, dating violence, and stalking are more commonly perpetrated by men against women, but men can be victims too and NOT all men are perpetrators. In fact, men can take an active role in preventing these crimes by asking for consent, intervening in harmful situations, and learning more about how they could help a victim.
- ✓ The majority of sexual assaults on University campuses occur when victims are incapacitated primarily due to alcohol. Know your limits and respect the limits of others.
- ✓ Perpetrators often use alcohol to incapacitate their victims.
  - Stalking can take many forms and does not always have to be committed by a stranger. Often, ex- boyfriends or ex-girlfriends continue to stalk after the relationship is over.
  - The high rates of victimization experienced by both men and women, paired with acceptance of rape myths, contribute to campus environments wherein survivor are often estranged from their overall collegiate experience. Victims experience barriers to academic success, lower graduation rates, social isolation, and ongoing medical and mental health issues.

## Harassment

### Sexual Harassment Statement

The University insists on an environment free from implicit and explicit coercive sexual behavior used to control, influence or adversely affect the well-being of any member of our community. Sexual harassment of any individual is inappropriate and unacceptable and will not be tolerated. Sexual harassment includes sexual advances, requests for sexual favors and other physical conduct of a sexual nature when:

- ✓ Submission to or rejection of such advances, requests or conduct either explicitly or implicitly is made a term or condition of employment or education.
- ✓ Submission to or rejection of such conduct by an individual is used as the basis for academic or employment decisions affecting that individual.
- ✓ Conduct, which has the purpose or effect of creating an intimidating, hostile, humiliating or sexually offensive educational, employment or living environment.

Sexual harassment can be blatant or it can be subtle. Blatant forms of sexual harassment include sexual propositions, inappropriate touching, unsolicited embracing or kissing, assault or rape. Subtle forms of sexual harassment include inappropriate or obscene jokes, intimate language, (i.e. dear, sweetheart, darling) and leering. All forms of sexual harassment cause the victim to feel uncomfortable or threatened by the behavior and may cause the victim to fear retaliation such as the loss of a job or poor grades.

Sexual harassment often involves a power differential, and in such cases the appearance of mutual consent does not necessarily constitute a defense against the charge of sexual harassment. Conduct toward a peer, which creates a coercive situation, may also be grounds for a sexual harassment complaint, even if a power differential does not exist.

Sexual harassment involves a wide range of behavior, from certain kinds of emotional and verbal abuse to physical assault. A victim or offender may be either a man or woman.

### Discrimination and Harassment

The University values a community atmosphere that is free from all forms of discrimination and harassment and will endeavor to prevent such based on race, color, creed, religion, gender, sexual orientation, national origin, age, disability, handicap, developmental disability, ancestry, marital status or military service.

### Racial Harassment

Racial harassment is any verbal or physical conduct that shows hostility or aversion toward an individual because of his/her race, color or ethnic origin, or that of his/her relatives, friends or associates. Furthermore, it has the purpose or effect of creating an intimidating, hostile or offensive work, academic or co-curricular environment; and/or has the purpose or effect of unreasonably interfering with an individual's work, University housing, academic or co-curricular performance or otherwise adversely effects on an individual's employment, academic or co-curricular opportunities.

Examples of verbal racial harassment include, but are not limited to, the following: name-calling, racial slurs or epithets or “jokes” that demean or belittle a victim’s color, culture, history or speech patterns (accent). Other examples of racial harassment include, but are not limited to, the following: when a person’s body, possessions or dwelling place are threatened or violated.

### Harassment on the Basis of Sexual Orientation

Harassment on the basis of sexual orientation is defined as any verbal, written or physical conduct directed at a person or a group based on sexual orientation or perceived sexual orientation where the offensive behavior is intimidating, hostile, or demeaning or could or does result in mental, emotional or physical discomfort, embarrassment, ridicule or harm.

### Reporting Suspected Sexual Harassment

Any student with a sexual harassment concern or question, before filing a formal complaint, may contact the Dean for Students, student success & engagement coaches, Director for Campus Safety, or residence hall staff member for assistance.

Any individual, student or employee who believes that he/she may have experienced sexual harassment or who believes that he/she has observed sexual harassment taking place must report this information to one of the following officials:

- The director of human resources
- The Dean for Students
- The Department for Campus Safety
- The complainant’s supervisor, when the supervisor is not the accused

Reports/complaints received in any of these offices in which the accused is an employee must, in turn, be immediately reported to the Human Resources office.

Reports/complaints received by any of these offices in which the accused is a student, in turn, must be immediately reported to the Dean for Students, who will process such complaints according to University policy and procedure.

Reports/complaints in which the accused is neither a Lakeland employee nor a student shall be processed consistent with any other complaint by notifying one of the reporting officials above, or law enforcement.

### Student Disciplinary Procedures

Campus student disciplinary procedures for non-academic misconduct involving sexual assault, domestic and dating violence, and stalking.

Every member of the Lakeland University community has the right to conduct his or her academic and social life in an environment that is free from threats, danger, and harassment. Victims are afforded rights by the federal government, the state, and Lakeland University.

Federal law and Lakeland University policy entitle sexual assault, domestic violence, dating violence and stalking victims to the following rights:

- Disciplinary proceedings that provide a prompt, fair, and impartial investigation and resolution.
- Disciplinary proceedings that are conducted by panel members who receive annual training on the issues related to domestic violence, dating violence, sexual assault and stalking and how to conduct an investigation and hearing process that protects the safety of victims and promotes accountability.
- The same opportunity to have others present throughout disciplinary proceedings as the accused, including the opportunity to be accompanied to any related meeting or proceeding by an advisor of their choice.
- Both parties shall be simultaneously informed, in writing, of the outcome of any disciplinary proceeding; of any change to the results that occurs prior to the time that such results become final; and of when such results become final. At no time can a victim be required to keep the outcome confidential, or be prohibited from discussing the case.
- Victims have the same rights as the accused to appeal the outcome of a disciplinary proceeding.
- Victims shall be informed of their options to notify law enforcement.
- Victims shall be notified of existing resources for counseling, mental health, health, victim advocacy, and legal assistance.
- Victims shall be notified of options for changing academic, transportation, work, and living situations.
- Victims can obtain a free forensic exam from a Sexual Assault Nurse Examiner (SANE) without filing a police report or involving the police in any way.

### Student Conduct Procedures

The purpose of the judicial system is to hold students accountable for their behaviors and to educate students in civic and communal rights and responsibilities. Decisions of the judicial system are not based on guilt or innocence, but whether a violation of a policy exists.

If the behavior of a student conflicts with policies and procedures outlined in this Student Handbook, Housing Contract Terms and Conditions or other official publications of Lakeland University, the student conduct system seeks to increase the student's sensitivity to the personal and social consequences of his or her behavior.

Because the primary goal of conduct proceedings is education, the hearings are non-adversarial, confidential to the extent they can be and not to be considered analogous to court proceedings. The degree of formality of these proceedings is considered necessary to ensure a well-functioning, equitable program, which protects the rights of all concerned. Responsibility and authority in matters of student behavior resides with the Director for Residence Life and designees. Parents may be notified of any disciplinary action taken at the discretion of the Director for Residence Life.

## Disciplinary Policies

Conduct which is incompatible with the university community and therefore disruptive of the academic environment shall be subject to disciplinary action. To help students, the University community has established policies for behavior to ensure that a healthy environment for living and learning exists. Students are responsible for the policies that are defined in this handbook.

Procedures do not relate to specific types of misconduct but depend on the magnitude of the offense as determined by the conduct officer or judicial board who hears the case.

## Student Conduct Hearings

### *Abuse of the Judicial System*

The Lakeland University conduct system is intended to be a non-adversarial process designed to assess responsibility in regards to alleged policy violations. Abuse of the conduct system includes, but is not limited to: failure to obey the summons of a judicial body, conduct officer, or University official; falsification, distortion, or misrepresentation of information before a judicial body or conduct officer; disruption or interference with the orderly conduct proceeding; institution of a conduct proceeding knowingly without cause; attempting to discourage an individual's proper participation in, or use of, the conduct system; attempting to influence the impartiality of a member of a conduct committee or conduct coordinator prior to, and/or during the course of, the proceedings; harassment (verbal or physical) and/or intimidation of a member of the conduct committee or any person involved in the judicial proceedings, prior to, during, and/or after a judicial proceeding; failure to comply with the sanction(s) imposed by the conduct coordinator or administrator, and/or influencing or attempting to influence another person to commit an abuse of the system.

### *Administrative Hearing*

An administrative hearing conducted by the conduct coordinator is the most common way a student conduct case is adjudicated. During the hearing, the student will have the opportunity to hear and present information pertaining to the alleged policy violation. If a student decides not to schedule a hearing or to attend a scheduled hearing, a determination is made without the student's input and the student's right to appeal is forfeited.

## Judicial Board

In cases where the sanction for the offense may result in dismissal from the University or the student has legitimate claims that the conduct coordinator may be biased toward the accused or the accuser, the Director for Residence Life may decide it is in the best interest of the student or the community to have the case heard before a judicial board. The Lakeland University judicial board consists of one faculty member and two staff members. The Director for Residence Life will act in an advisory capacity.

The judicial board will investigate the information presented, make a determination of responsibility and recommend sanctions as needed. If a student decides not to schedule a hearing or to attend a hearing, a determination is made without the student's input and the student's right to appeal is forfeited.

### Student Conduct Rights

The following student conduct rights include:

- ✓ To be notified, via email or through campus mail, of the alleged policy violation not more than seven (7) class days but not less than one (1) class day from the time the incident report is generated. To be informed that complaints of sexual misconduct/assault will be investigated by the University, and possibly by the sheriff's department.
- ✓ To have an opportunity to respond to the claim that University policy has been violated.
- ✓ To supply the investigative team or individual with information or witnesses.
- ✓ To consult with the Title IX Coordinator as a resource for understanding these rights and the investigative process.
- ✓ To be notified of available counseling, mental health services or student services for students accused of sexual assault, both on and off campus.
- ✓ To be notified that at any point of the complaint/investigation/judicial process, the accused has the right to have the support of any willing member of the Lakeland University community. The support person has the right to attend any function at which the accused's presence is required. Guests may be present during any hearing and may act only in an advisory capacity.
- ✓ To know that a history of prior complaints, investigations and cases may be admitted in an investigation and/or appeal.
- ✓ To refuse to answer some or all questions. The investigation will proceed with or without the participation of the accused.
- ✓ To receive an impartial decision about an alleged university policy violation and be notified of the outcome.
- ✓ To petition to appeal a disciplinary decision by a hearing officer(s) as outlined in the appeals section of the Student Handbook.
- ✓ To be aware decisions in student conduct cases will be based on evidence presented and reasonable supporting information.

### Right to Notify

Lakeland University reserves the right to notify parents/guardians of dependent students regarding any health or safety risk, change in student status or conduct situation, particularly alcohol and drug

policy violations. The University may also notify parents/guardians of non-dependent students who are under the age of 21 of alcohol and/or drug policy violations. Where a student is non-dependent, the University will contact parents/guardians to inform them of situations in which there is a significant and articulable health or safety risk. Lakeland University reserves the right to designate which University official(s) have the need to know about individual conduct reports pursuant to the Family Educational Rights and Privacy Act (FERPA).

### Lakeland University Student Conduct Hearing Procedures

The following procedural guidelines shall be applicable in disciplinary hearings:

- ✓ All charges shall be presented to the accused student in written form. A time shall be set for hearing, not less than two (2) nor more than 15 calendar days after the student has been notified. Maximum time limits for scheduling of hearings may be extended at the discretion of the conduct coordinator.
  - Also at this time, the conduct coordinator will invite the accused to a pre-hearing conference. The purpose of this meeting is to inform the accused of the judicial process, what the charge(s) are before them, and to answer any questions they may have.
- ✓ The conduct coordinator will inform those involved of the case.
- ✓ The conduct coordinator shall have the authority to require a student to appear at a designated time and place when the student's presence is necessary to resolve a question which has arisen before the conduct coordinator.
- ✓ The hearing may be recorded by the conduct coordinator. The recording will be kept in the sole possession of the conduct coordinator/Director for Residence Life. Outside recording devices will not be allowed. The Director for Residence Life will retain tapes and all materials after the judicial process is completed. Under normal circumstances, materials are destroyed and the tapes erased after the hearing or appeal process is completed.
- ✓ The violation will be read to the accused and he/she will be allowed a response.
- ✓ The conduct coordinator will ask questions to determine all facts of the case, which includes the calling of witnesses.
- ✓ The conduct coordinator shall have the authority to require the student to produce additional information as it is relevant to the hearing.
- ✓ Final statements from the accused and the accuser will be taken.
- ✓ A reminder of confidentiality will be given.
- ✓ The conduct coordinator will impose sanctions if a violation is determined to have occurred.
- ✓ Written notification of the decision will be sent within three (3) class days of the decision.
- ✓ A petition to appeal the decision must be submitted to The Dean for Students within two (2) class

days of the official notification of the decision.

- ✓ If the alleged violator does not appear before the conduct hearing, the hearing will take place to determine whether a violation has occurred and determine a sanction.
- ✓ The proceedings of the conduct hearing and all facts related to the case are considered confidential.
- ✓ Students may request to have guests present who may act only in an advisory capacity.
- ✓ Professional legal counsel is permitted to attend a campus conduct hearing but may act only in an advisory capacity to the accused as conduct hearings are seen as educational in nature and not criminal proceedings.
- ✓ Conduct hearings are closed to the public.
- ✓ If an appeal is applied for and granted, it too shall follow the process of those described in the conduct hearing process, but held by the Dean for Students.

## Sanctions

After a determination of responsibility has been established, the conduct coordinator sets a sanction(s) appropriate for the violation. The purpose of the sanction(s) is to facilitate change in the student's behavior so he/she can function positively within the Lakeland University community.

The purpose of a sanction is to educate and communicate that such behavior is not tolerated by the Lakeland University community. Prior to deciding upon a sanction, either the conduct coordinator will review the student's conduct file. If there is a previous record, these previous violations will influence what the new sanction will be. One or more of the following sanctions may be imposed upon an individual or an entire organization, as the situation dictates.

1. **Official Warning:** An official warning is a written description of the student's misconduct with the understanding that this type of behavior is inappropriate and violates the basic expectations of students as set forth by Lakeland University. Furthermore, that further misconduct will result in more severe disciplinary action should there be any further behavioral violations.
2. **Behavioral Agreement:** A behavioral agreement is written by an administrator for the purpose of improving behavior or attitude. The agreement will outline specific obligations or behaviors which the student must meet within a specific period of time. The agreement serves as a contract of understanding between the student and the conduct coordinator and or Dean for Students.
3. **Disciplinary Probation:** Disciplinary probation is imposed after a student has made a serious violation or has repeatedly violated campus policy. Probation allows the student to remain at the University on the condition that he or she complies with University policies and the conditions of their particular probation or behavioral agreement. The conditions of the probation will be determined by the conduct coordinator, or Dean for Students. In some cases, a student on probation may not allowed to represent the University in any official capacity, to include participating in co-curricular activities, hold an office in a campus organization or serve on a University committee during the time of probation. The student's parents may receive notification of the probation status and circumstances of the violation.

Further violation of campus policy, to include violating the terms of the probation, may result in removal from campus housing or be suspended from the University. This must be considered an extremely serious probation.

4. **Loss of Privileges:** Loss of privileges may outline the loss of specified privileges on campus for a designated period of time. This may include but is not limited to participation in athletic events or practices or access to campus housing units.
5. **Restitution:** Restitution is compensation required of students who engage in theft, damage to property on or off campus. The amount of restitution is dependent upon the extent of damage as well as what is determined to be the best method for the student to make amends for the damage caused. The amount, form and method of payment is determined by the conduct coordinator or Dean for Students.
6. **Suspension:** Suspension is the involuntary, temporary loss of student status for a specified period of time after which the student may return. A suspended student may not attend classes or any University-sponsored event. The student will be required to leave campus and may not return until the time period of the suspension has ended.

The student will lose credit for the classes carried that term. Fees and tuition will be forfeited according to the withdrawal policy. The conduct coordinator or Dean for Students may establish additional requirements in some cases which must be completed prior to their return to the University. This disciplinary action will be recorded on the student's record in the conduct coordinators office.

7. **Dismissal:** Dismissal is the permanent termination of student status. This sanction is one of immediate involuntary separation from the University.
8. **Discretionary/Educational Sanctions:** Discretionary sanctions are actions required by a student as outlined by a conduct coordinator and or The Dean for Students which may include referral to health services, student counseling, special seminars, field study, work detail, community service or participation in appropriate educational programs.
9. **Removal from a Residence Hall:** A student may be removed from a residence hall due to behavior that has been deemed unacceptable or a safety risk. Housing relocation or removal from any housing facility may be for one semester or one academic year.
10. **Fines:** In lieu of formal disciplinary actions or in addition to, fines may be used to discourage violations of University policies. Examples of when fines may be used may include, but are not limited to:
  - a) Violation of fire safety policies;
  - b) Violations of the drug and alcohol policy;
  - c) Taking or moving University property without authorization;
  - d) Taking food from the cafeteria to feed a non- resident student.
  - e) Violation of residence hall policies.
11. **Interim Suspension:** Under situations determined and endorsed by the University president or his or her designee to be potentially dangerous, action may take place to immediately

suspend a student from Lakeland University for a specified period of time, prior to a resolution through a campus conduct hearing and or Title IX hearing.

The University president or his or her designee will base his or her decision on whether the allegation of misconduct is apparently reliable and whether the continued presence of the student on the University campus may reasonably interfere with the educational or orderly operation of the University. Concerns may be, but are not limited to, the student's personal physical health or the health and/or safety of other members of the University community, property or the orderly functioning of Lakeland University.

When a student is suspended for an interim period, the period and conditions of the suspension shall be provided to the student, along with a clear statement of what conditions must be met for the suspension to be lifted.

The decision to alter or suspend the rights of a student for an interim period will be communicated in writing to the student and will become effective immediately. Notification will either be hand-delivered or sent by certified mail to the last address provided to the Registrar's Office. (Failure or refusal to take receipt of notification will not negate or postpone said action.) Students are responsible for updating directory information (including address) with the Registrar's Office.

The interim suspension or altered privileges will remain in effect until a final decision has been made on the pending complaint or until the president or his or her designee determines that the reason for imposing the interim suspension or alterations of privileges no longer exists.

In the event that there is a decision to suspend or dismiss the student, the sanction will take effect from the onset of the interim suspension.

In the event of a lesser sanction being imposed, the interim suspension will not become a part of the student's permanent record.

**12. Reimbursement upon suspension:** If suspended or dismissed, a student will not be reimbursed for loss of housing, board or tuition fees.

## Appeals

A petition to appeal must be sent to The Dean for Students within two (2) class days of written notification of the judicial hearing decision. The application must state specific reasons as to why the individual believes an appeal is in order.

Upon receipt of a petition to appeal, The Dean for Students will review all written and recorded information pertaining to the case, and based on information gathered, has the right to grant or deny an appeal hearing. The only grounds for an appeal are insufficient proof of responsibility, violation of student rights, or if the conduct coordinator sanction is inappropriate for the violation. No new testimony will be allowed at this stage.

An appeal hearing will be granted or denied by the Dean for Students. If an appeal hearing is denied, the decision of the conduct coordinator stands and notification will be sent to the student. If an appeal hearing is granted, written notification will be sent to the student and an appeal hearing will be scheduled.

If an appeal is granted, The Dean for Students will review the case after meeting with the student. The Dean for Students will review all appeals with the president before making a decision, and may confer with the conduct coordinator as well. The decision of The Dean for Students will be one of the following:

- a) To overturn the decision of the conduct coordinator.
- b) To return the case to the conduct coordinator for further review.
- c) To support the decision of the conduct coordinator.

The decisions of The Dean for Students will be final and sent to the student when reached. *Honesty* – Each participant in the judicial process, either as an accuser the accused or conduct coordinator, must present the facts of the case with honesty and utmost integrity. The student conduct system depends on each participant being totally truthful. Individuals who are dishonest are subject to their own judicial action which could result in dismissal as a sanction.

## Employee Disciplinary Procedures

### *Employee Corrective Action*

We strive to maintain our reputation as an excellent place to work and we expect all our employees to interact with each other in the spirit of consideration, respect and cooperation. We endeavor to treat all employees with equity and respect, and we believe our employees will rarely lapse from excellent work or compliance with our established policies and procedures. Further, we also believe our employees will correct any deficiencies brought to their attention in a professional, cooperative and constructive manner. We make every effort, through corrective action, to assist an employee in overcoming deficiencies or failure to comply with our policies and procedures.

Corrective action will align with the type of behavior the employee has demonstrated. Normally, discussion with an employee to point out what is expected, or to tell the employee how he or she is performing, should be enough to correct the behavior. There are times, however, when such corrective action is not enough and additional corrective action is required. Such action may include verbal counseling, performance improvement plans, written warnings, suspensions without pay (subject to applicable limitations for exempt employees), or termination. Where work performance or conduct issues are better addressed through a performance improvement plan, your supervisor may establish a plan for you, which may involve your input. The plan will state your supervisor's expectations of you, with deadlines for achieving the stated expectations. Failure to meet the terms of the performance improvement plan will result in the consequences stated in the plan.

It should be emphasized that corrective action need not go through each of the levels listed above. Corrective action may begin at any level in the process, including termination. Corrective action, up to and including termination, is based on the seriousness of the matter or the offense committed and the surrounding circumstances.

The following list of reasons for corrective action is not meant to be all-inclusive; the mere fact that a possible violation is not listed does not mean it would not result in corrective action, up to and including termination:

- Failure to exhibit Lakeland University values.
- Failure to follow Lakeland University department specific rules, policies or guidelines.

- ✓ Unsatisfactory, negligent, or careless work performance.
- ✓ Dishonesty, falsification or unauthorized altering of Lakeland University records
- ✓ Unauthorized or unlawful manufacture, distribution, possession, or use of drug paraphernalia or chemical substances, including any controlled substance on University property or while conducting University business.
- ✓ Theft or willful damage to University property.
- ✓ Unauthorized use and/or disclosure of confidential information contained in University records.
- ✓ Unauthorized use and/or possession of intoxicating beverages on University property, or inappropriate work behavior related to such use.

The Employee Assistance Program (EAP) is another resource for any employee and may be a resource in the corrective action process. Your supervisor may recommend a voluntary EAP referral for any employee who receives correction action.

An EAP referral will be made when a manager and the Human Resources department feels strongly that outside resources may help the employee be successful. A mandatory EAP referral is typically

made as part of an alcohol/drug intervention, if the employee poses a threat to him/herself or others, or demonstrates other significant behavioral issues.

### Employee Sanctions

Employees who are in violation of any part of this policy will result in corrective action that may include referrals as discussed below, suspension, or termination of employment. Any member of the University community who violates the provisions of this policy, or whose behavior is impaired by alcohol or controlled substances, may be required to complete an Employee Assistance Program referral as a condition of continued employment. Violations of this policy may also result in corrective action, up to and including suspension or termination of employment from the University and referral for prosecution.

Likewise, employees who need help in dealing with alcohol or drug related problems are encouraged to seek professional assistance. The Employee Assistance Program can provide assessments or interventions for individuals seeking help. An employee's participation in the program will be encouraged and handled confidentially.

### Problem/Resolution Procedure

A formal problem/resolution procedure is available to you as an avenue for the resolution of a work-related problem or condition, that you believe to be unfair, inequitable, discriminatory or a hindrance to your effective job performance. You may inquire about any corrective action or an action thought to be unjust or adverse. While a policy or decisions relating to pay may not be questioned, the application of a policy may be brought forward if you feel that you have been adversely affected. You should file such inquiries in a timely manner, no later than five (5) working days after the incident or knowledge of the alleged unfair treatment.

You should first discuss the issue with your department manager and if not resolved to your satisfaction, the issue may be referred to the Director of Human Resources who will submit it to a problem/resolution committee appointed by the President of the University and authorized to recommend a resolution of the issue for Presidential approval. No employee will be retaliated against as a result of filing a request. The Human Resources department can assist you in determining whether your issue involves conduct prohibited under our policy against harassment, and if so, how it will be handled under the terms of that policy.

### Policy against Harassment

Consistent with our mission and our respect for the rights and dignity of each employee of our community, Lakeland University has zero tolerance for harassment of any kind, of or by any of its employees. This prohibition includes harassment based on color, religion, sex, sexual orientation, national origin, ethnicity, age, disability, marital status, citizenship or any other characteristic prohibited by federal or state law.

Harassment can arise from a broad range of physical or verbal behaviors, or via electronic means (emails or texts), and can arise from employees or non-employees such as students, vendors or outside contractors. It can include, but is not limited to: physical or mental abuse; racial, ethnic or religious insults or slurs; unwelcome sexual advances or touching; sexual comments, jokes, stories, or innuendoes; requests for sexual favors used as a condition of

employment or affecting any personnel decision such as hiring, promotion, compensation or termination; display of sexually explicit or otherwise offensive posters, calendars, or materials; making sexual gestures with hands or body movements; inappropriately staring at another employee or touching his or her clothing, hair or body; asking personal questions about another employee's sexual life; and repeatedly asking out an employee who has stated that he or she is not interested.

These activities are offensive and are inappropriate in the workplace. This is a serious issue not just for Lakeland University, but also for each individual. This policy against harassment applies throughout our work environment, whether in the workplace, at work assignments outside the workplace, at Lakeland University-sponsored social functions or in any other work-related situations. This policy applies to all such situations without regard to location and whether on or off a Lakeland University campus or other controlled site.

Harassment or similar unacceptable activities that could become a condition of employment or a basis for personnel decisions, or create a hostile, intimidating or offensive environment are specifically prohibited by Lakeland University. It is the responsibility of management, supervisors, and all employees to ensure that these prohibited activities do not occur. No employee, however, should assume the University is aware of a problem or situation. It is the employee's responsibility to bring a complaint or problem to the attention of the University so that it may be resolved.

Therefore, any employee who believes she/he has been the subject of harassment should immediately report the matter to at least one of the following:

- 1) His or her manager, or to the person to whom their manager reports;
- 2) The director or manager of the Human Resources department; or
- 3) To any employee of Lakeland University's Executive Leadership Team, who will then be involved in the Human Resources Department

Lakeland University forbids retaliation against anyone for reporting alleged sexual harassment or otherwise assisting in the investigation of a complaint.

It is the expressed policy of Lakeland University to investigate all complaints thoroughly and promptly; and, to the greatest extent possible, maintain the confidentiality of those involved in the investigation. If the investigation confirms that harassment of any kind has occurred, Lakeland University will take all appropriate disciplinary action, up to and including termination. All Lakeland University employees will be required to complete training on this policy every two years.

#### Workplace Violence, Bullying and Abusive Behavior

Lakeland University is committed to maintaining a safe and healthy environment for all employees and will not tolerate any form of violence, bullying or abusive behavior committed by or against any employee of its community. All reports of violence, bullying or abusive behavior will be taken seriously.

Employees who engage in actions or threats of violence, bullying or abusive behavior will be subject to discipline, up to and including termination.

Any individual who experiences or witnesses violence, threats of violence or abusive behavior or who has reason to believe these acts are occurring should notify their supervisor, security or Human Resources. Confidentiality will be maintained to the extent possible but is not guaranteed.

#### HEOA Victim Notification

The university, upon written request, will disclose to the alleged victim of a crime of violence or non-forcible sex offense, the report on the results of any discipline hearing conducted by the university against the alleged perpetrator of such crime or offense. If the alleged complainant is deceased as a result of such crime or offense, the next of kin of such victim shall be treated as the alleged victim for the purposes of this paragraph.

## ANNUAL DISCLOSURE OF REPORTED CRIME STATISTICS

The Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, 20 U.S.C. §1092(f) and its implementing regulations require colleges and universities across the United States to disclose information about crime on and around their campuses. This section includes information on Lakeland University crime statistics during the 2017 calendar year and includes comparison data for a three-year period.

### *Definitions*

In order to fully understand the context of the crime statistics disclosed in this section, it's important to understand the definitions used for reporting. Below are the definitions that are required to be used for reporting. Note, these definitions are not necessarily the same definitions that might be used for the same or similar crimes in the state of Wisconsin and they may differ from the definitions of prohibited conduct as set forth by Lakeland University Policy.

- *On Campus* The total number of crimes that occurred on campus, including crimes that occurred in student housing facilities.
- *Residence Halls (On- Campus)* The total number of crimes that occurred in on- campus student housing facilities as a subset of the total.
- *Public Property* All public property, including thoroughfares, streets, sidewalks, and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus.
- *Non-Campus* Any building or property owned or controlled by a student organization that is officially recognized by the institution; or any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution's educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution

# LAKELAND UNIVERSITY

## 2023 Fire Safety Report for the 2022 Calendar Year

*This report contains the policies and procedures related to fire safety and annual fire statistics for the 2022 calendar year for the Lakeland University Sheboygan campus. This report is required by the Higher Education Opportunity Act (2008) as part of the Jeanne Clery Disclosure of Campus Security Policy and Campus Crimes Act.*

## Annual Fire Safety Report and Policies

All persons must evacuate the building when a fire alarm sounds. Any person not complying with evacuation procedures is subject to disciplinary action including possible fine. Firefighting equipment, fire alarm systems, smoke detectors and evacuation procedures are provided for the protection of life and property. Residents should familiarize themselves with the type and location of equipment, exits, windows and the evacuation procedures from their floors of residence halls. Everyone is required to vacate the building during a fire drill. To promote safety, students are prohibited from having the following items in their rooms:

- Portable electrical appliances
- Open flames in residence housing
- Halogen lamps
- Hover boards are not permitted. Hover boards include but are not limited to self-balancing scooters, battery operated scooters, hand free Segway's and electric powered skateboards.
- Tobacco/Smoking (Use of smoking materials within all rooms and buildings and outside within 25 feet perimeter of any building except within designated and posted areas is prohibited, including but not limited to cigarettes, electronic cigarettes, cigars, pipes, hookahs and smokeless/chewing tobacco.)
- The ignition or detonation of anything which could cause damage to persons or property or disruption by fire, smoke, explosion, noxious odors, stain, corrosion or similar means is prohibited. Possession of anything in explosives or chemical explosives is prohibited on any property owned or operated by the University or off- campus University-sponsored events without prior University authorization.

*The following are also prohibited:*

- Obstructing hallways and exits
- Tampering with fire sprinkler systems

False fire alarms endanger the safety of students and interfere with students' abilities to enjoy a safe, peaceful living environment. Students found responsible for activating a false alarm, tampering with fire alarms, fire extinguishers, or fire equipment will be assessed a \$100 fine plus other related costs and can be dismissed from housing and/or from the University.

Persons causing false alarms, interfering with the proper functioning of the fire alarm systems or interfering with the lawful efforts of firefighters are subject to prosecution under Wisconsin State law. If a fire results from your negligence, you may be held financially responsible for property damage and personal loss.

**NOTE:** Personal grills are not permitted on campus apartment balconies, or patios.

## Fire Safety & Training programs

All employees that have any association with on campus student housing are required by the University to attend an annual safety education program which includes fire safety. All Resident Life employees receive additional fire safety training which takes place annually each Semester. This training includes but is not limited to: hands on fire extinguisher practice, how and when to conduct fire evacuation drills, hazardous waste training and blood borne pathogens training. Members of the maintenance staff receive safety training as well.

The fire safety education and other safety training programs are instructed cooperatively by the University's Environmental and Safety Coordinator, and local Fire Department officials. A log of training is maintained by the University's Environmental, Health and Safety Officer.

## Procedures for Student Housing Evacuation in Case of a Fire

In the event of a fire, the University expects that all campus community members will evacuate by the nearest exit, closing doors and activating the fire alarm system (if one is present) as they leave. Once safely outside a building, it is appropriate to contact 911 and the Department for Campus Safety at 920-565-1126.

Students and/or staff are informed where to relocate to by staff if circumstance warrants at the time of the alarm. In the event fire alarms sound, University policy is that all occupants must evacuate from the building, closing doors as they leave. No training is provided to students or employees in firefighting or suppression activity as this is inherently dangerous and each community member's only duty is to exit safely and quickly, shutting doors along the exit path as they go to contain the spread of flames and smoke, and to activate the alarm as they exit. At no time should the closing of doors or the activation of the alarm delay the exit from the building.

In these programs, procedures that students and employees should follow in case of a fire are reviewed and include the following:

### Student Housing Evacuation Procedures In Case of a Fire

- If you hear the fire alarm, immediately evacuate the building using the nearest available exit.  
**Do not attempt to fight a fire unless you have been trained to do so.**
- Awaken any sleeping roommate or suitemates. Prepare to evacuate by putting on shoes and a coat if necessary. Feel the doorknob and the door. If they are hot, do not open the door. If they are cool, open slowly, if heat or heavy smoke rushes in, close the door immediately and remain inside.
- When leaving your room, be sure to take your key in case it is necessary to return to the room should conditions in the corridor deteriorate. Make sure to close the door tightly when evacuating.

- Resident life staff members who are present on their floors should facilitate the evacuation of their floor/section if possible. When the alarm sounds shout (Example: there is an emergency in the building leave by the nearest exit) and knock-on doors as they make their way to the nearest exit and out the building.
- When exiting in smoky conditions keep your hand on the wall and crawl to the nearest exit. Always know more than one path out of your location and the number of doors between your room and the exit.
- DO NOT USE ELEVATORS. Elevator shafts may fill with smoke, or the power may fail, leaving you trapped. Elevators have features that recall and deactivate the elevator during an alarm. Standing and waiting for an elevator wastes valuable time.
