The above figures are meant to serve as guidelines and are subject to change. In order to be accepted and obtain a student visa (F-1), you must prove that you will be supported fully for your entire course of study without recourse to employment.

College Grants

Partial need- or merit-based college grants ranging from \$1,000.00 to full tuition may be available to undergraduate day program international students. **Please be aware that the number of students receiving full tuition support is very limited.** Only students whose Lakeland College applications are completed will be considered for these awards. On- and off-campus employment opportunities, such as internships and Optional Practical Training under the BCIS and/or Lakeland College rules and regulations, are available. Please be aware that there are many restrictions on international student employment in the U.S.

All international applications are processed on a rolling basis, and there is no deadline. Your application for admission and supporting credentials should be submitted as early as possible to allow sufficient time to process your application, obtain your visa, and arrange for transportation.
