

Teaching is more  
than a career;  
it is a calling.

The Bachelor of Arts degree  
with a major in education is  
currently offered at the Lakeland  
University center in Milwaukee.

The Lakeland University Bachelor of Arts degree program with a major in education is designed to meet the professional, practical and personal needs of future teachers. Students receive the coursework, knowledge, and assistance they will need to meet Wisconsin's requirements for teaching certification. They are given the pedagogical tools and practical experiences which beginning teachers need in order to succeed in their own classrooms. Finally, and most importantly, Lakeland's Education majors are encouraged to develop their own voices and teaching styles through hands-on engagement with the teaching process.

Education majors available at the Milwaukee Center are:

- **Early Childhood through Middle Childhood Education** *Eligible for licensure in grades PK-6*  
This major requires completion of an approved diploma program or associate degree program through the Wisconsin Technical College System in addition to the required Lakeland University coursework. Some WTCS courses will fulfill Lakeland University course requirements in the major.
- **Middle Childhood through Early Adolescence Education** *Eligible for licensure in grades 1-8*  
This major requires an approved minor. The Milwaukee Center offers minors in English, English as a Second Language, History and Mathematics.

*Please refer to the Evening, Weekend and Online program catalog for more details about Lakeland's University's Bachelor of Arts degree program with a major in Education.*
